<u>Sch. #</u>	<u>Dept.</u>	<u>Agency</u>	<u>Explanation</u>	<u>SGF</u>	<u>Total</u>	<u>T. O.</u>
01 -	Executive	Department Wide	Reduces funding associated with an across-the-board reduction of discretionary SGF (excluding select departments/agencies). Supplemental appropriation contained in Section 19.B of Act 2 of the 2018 3rd ES, contingent on the recognition of additional revenues by the REC, would restore this \$2 M reduction subject to approval by the JLCB. The entire \$2 M reduction was applied to the Governor's Office of Homeland Security & Emergency Preparedness. See the Executive Summary section of this document for a description of significant impacts.	-\$2,000,000	-\$2,000,000	0
01 - 100	Executive	Executive Office	Reduces funding for student workers and support staff in the community programs activity. This adjustment will eliminate 10 student positions (\$102,000) and delay hiring 3 vacant support staff positions in the Executive Office (\$241,000 total). Supplemental appropriation contained in Section 19.B of Act 2 of the 2018 3rd ES, contingent on the recognition of additional revenues by the REC, would restore this reduction subject to approval by the JLCB.	-\$343,000	-\$343,000	0
01 - 106	Executive	LA Tax Commission	Reduce SGF budget authority associated with 2 Property Tax Regulator positions. The agency intends to offset this SGF reduction with a planned fee increase on banks and insurance companies, who have been informed of and are in agreement with the fee increase. Assessments and fees paid to the Tax Commission are deposited into the statutorily dedicated Tax Commission Expense Fund. No impact on operations is expected, as the positions will not be eliminated. LFO assumes that any revenue generated by the additional fees will require recognition by the REC.	-\$104,915	-\$104,915	0
01 - 107	Executive	Division of Administration	Reduction of DOA IT projects, attrition, special project contracts, and state office building maintenance. DOA reports that this adjustment will reduce funding for hardware replacement and lengthen the timeline of the LaGov Budget Project implementation (\$812,927). With regard to attrition, this adjustment will reduce termination pay based on prior year expenditure trends (\$150,000), result in holding a position in the Commissioner's Office vacant for a full year (\$80,000) and an additional position in the Office of Finance & Support Services vacant for 4 months (\$21,902). The special project contracts adjustment will reduce funding associated with expiring legal services contracts coinciding with increased utilization of in-house attorneys as well as non-renewal of a consulting contract for operational assessment (\$200,000). This adjustment eliminates funding for maintenance costs at the Shaw Center and Old Governor's Mansion (\$866,214). The Shaw Center (performing/visual Arts and other non-profit organizations) and Old Governor's Mansion (Preserve Louisiana) are currently utilized by non-state entities and are revenue generating.	-\$2,131,043	-\$2,131,043	0
01 - 109	Executive	Coastal Protection & Restoration Authority	Decreases budget authority from Federal funds (\$13,085,317), IAT (\$833,944), SGR (\$20,000), and Statutory Dedications from the Natural Resources Restoration Trust Fund (\$5,141,195), while increasing Statutory Dedications out of the Coastal Protection Restoration Fund (\$997,246) to align expenditures with LA's Comprehensive Master Plan for a Sustainable Coast. CPRA projects are budgeted for operations, maintenance, and monitoring (OM&M) in the operating budget; funding needs can vary from year to year depending on the maintenance events planned and revenue sources tied to those projects. For several projects, the workload is anticipated to be less than in FY 18. These projects include the RESTORE Center for Excellence (\$20.8 M), NRDA Deepwater Horizon Oil Spill (\$3 M), Wildlife & Fisheries Deepwater Horizon (\$7.8 M), and the State Trustees' cost reimbursement (\$507 K). The Houma Navigation Canal Deepening & Flood Protection (\$2.2 M) project was completed in FY 18. Other projects in the annual plan require additional funding based on the anticipated workload. These projects include the Coastal Wetlands Planning, Protection, & Restoration Act (CWPPRA) projects (\$8.8 M), Adaptive Management (\$2.1 M) Gulf of Mexico Energy Security Act (GOMESA) funds, System Wide Assessment & Monitoring Program (SWAMP), Fisheries (\$4.7 M), and the Caernarvon & Davis Pond Operations project (\$644 K).	\$0	-\$18,083,210	0

TABLE 21 - Major Reductions in the FY 19 Budget Compared to the FY 18 Budget

<u>Sch. #</u>	<u>Dept.</u>	<u>Agency</u>	<u>Explanation</u>	<u>SGF</u>	<u>Total</u>	<u>T. O.</u>
01 - 111	Executive	Homeland Security & Emergency Prep	ADMINISTRATIVE - Non-recurs funding for Meals Ready-to-Eat (MREs). This was a one-time appropriation to GOHSEP during FY 18 to replenish state supplies for use during emergencies.	-\$684,225	-\$684,225	0
01 - 111	Executive	Homeland Security & Emergency Prep	ADMINISTRATIVE - Non-recurs funding received as reimbursement from the Office of Community Development (OCD) in the Division of Administration (DOA) for the state cost share of Public Assistance expenditures during the flood events of March and August 2016.	\$0	-\$4,449,558	0
01 - 111	Executive	Homeland Security & Emergency Prep	ADMINISTRATIVE - Reduces budget authority for debt repayments to the Federal Emergency Management Agency (FEMA) for FY 19. The reduction is associated with: \$13.8 M for the 4th of 5 installment payments under a FEMA debt repayments plan related to multiple disasters and providing for a hazard mitigation audit, and \$7.4 M for the 2nd of 5 installment payments for the state's cost share of Public Assistance expenditures during the flooding event of August 2016 (DR-4277). The governor proposed utilizing approximately \$46 M of additional SGF revenue projections for FY 18 recognized by the Revenue Estimating Conference at its meeting on 12/14/2017, to prepay FEMA debt payments due during FY 19 (\$21.2 M) and FY 20 (\$25.1 M). These prepayments would offset the need to utilize SGF for these expenditures during those fiscal years, making those revenues available for alternative expenditures. The multiple event disaster repayment plan would be paid off in FY 20 under the existing schedule. Payments related to DR-4277 will continue in FY 21 (\$7.4 M) and FY 22 (\$7.5 M). The total cost share for DR-4277 has increased by \$4.76 M after the debt repayment agreement was finalized. This payment will be required during FY 20 or FY 21, pending finalization of negotiations with FEMA. Note: Act 59 of 2018 RS includes a supplemental appropriation of \$21.2 M to prepay the FY 19 FEMA debt payment only. Failure to prepay the FY 20 debt payment in a supplemental appropriation creates a SGF need of \$25.1 M when constructing the FY 20 budget.	-\$21,220,598	-\$21,220,598	0
01 - 112	Executive	Department of Military Affairs	Non-recurs funding related to the M6 cleanup (\$4,582,561) and lead abatement for armories (\$4,375,000).	\$0	-\$8,957,561	0
01 - 129	Executive	LA Commission on Law Enforcement	Reduces funding associated with the Drug Abuse Resistance Education Program (DARE) designed to equip school children with skills for resisting peer pressure to experiment with tobacco, drugs, and alcohol. The impact will likely result in certain changes to the program as determined by each sheriff. This reduction is half of the SGF support in FY 18. FY 19 funding for DARE is \$2,783,278 (\$409,644 SGF and \$2,373,634 Tobacco Tax Fund).	-\$409,644	-\$409,644	0
01 - 129	Executive	LA Commission on Law Enforcement	Reduces excess federal budget authority. FY 17 federal expenditures totaled \$26,123,805. The agency reports it anticipates an increase in federal expenditures for victims of crime; therefore, the reduction of \$6.8 M was determined to be the most appropriate figure.	\$0	-\$6,813,974	0
Major Reductions for Executive				-\$26,893,425	-\$65,197,728	0
03 - 131	Veterans Affairs	LA War Veterans Home	Reduces federal budget authority associated with the elimination of 32 beds to align capacity with new utilization projections based on historical and projected census data. The LA War Veterans Home will reduce the number of certified beds from 161 to 129.	\$0	-\$435,484	0
Major Reductions for Veterans Affairs				\$0	-\$435,484	0
04B - 141	Justice	Attorney General	Eliminates excess budget authority based on projected revenues available for the Civil Law Program. The IAT reduction (\$2,029,124) is based on the revenue projections associated with the Deepwater Horizon event. The reduction of Federal funds (\$79,696) is due to the balancing of federal grants. The AG has stated no positions are impacted with this adjustment.	\$0	-\$2,108,820	0

TABLE 21 - Major Reductions in the FY 19 Budget Compared to the FY 18 Budget

<u>Sch. #</u>	<u>Dept.</u>	<u>Agency</u>	<u>Explanation</u>	<u>SGF</u>	<u>Total</u>	<u>T. O.</u>
04B - 141	Justice	Attorney General	Non-recurs funding appropriated to the Civil Law Program in FY 18 intended to be one-time. The AG has stated it will be able to use one-time SGR from consumer protection cases to offset this SGF cut; therefore, at this time there is no immediate impact to their operations.	-\$2,632,514	-\$2,632,514	0
04B - 141	Justice	Attorney General	Reduces funding as a result of an executive budget reduction (\$869,649) and across-the-board reduction to discretionary SGF (\$296,630). The AG has indicated the reduction will result in a decline in representation to outside agencies. However, it cannot be determined at this time which request will be denied. Every request will require the AG to examine whether it is mandatory or discretionary. This may result in a reduction in the number of discretionary requests the AG will be able to represent such as defense of cases involving constitutionality and agencies' lawsuits for non-risk matters. This may require agencies to retain or contract with outside counsel. The AG represents several state agencies and officials, including but not limited to the Governor, Lieutenant Governor, Secretary of State, Attorney General, Treasurer, Legislature, Commissioner of Administration, Legislative Auditor, and State Board of Elementary & Secondary Education, as well as various boards and commissions. The AG is currently handling over 7,600 cases for state agencies and in FY 17 assisted 66 boards and commissions.	-\$1,166,279	-\$1,166,279	0
Supplemental appropriation contained in Section 19.B of Act 2 of the 2018 3rd ES, contingent upon recognition of revenues by the REC, provides for restoration of \$869,649 of this reduction subject to approval by the JLCB.						
Major Reductions for Justice				-\$3,798,793	-\$5,907,613	0
04D - 147	Treasury	State Treasurer	ADMINISTRATIVE - The SGR decrease was tied to a 5% reduction of \$465,309 originally contained in the Executive Budget recommendation. SGR unexpended by the Treasury reverts to the SGF at the close of each fiscal year. The Treasury has indicated that it intends to eliminate overtime payments during FY 19 as well as enacting other contract reductions and efficiency measures to absorb the proposed reduction. The legislature restored \$300,000 SGR to provide for additional outreach and marketing efforts to return unclaimed property to rightful owners.	\$0	-\$165,309	0
Major Reductions for Treasury				\$0	-\$165,309	0
04F - 160	Agriculture & Forestry	Agriculture & Forestry	Reduces budget authority from the statutorily dedicated LA Agricultural Finance Authority Fund (LAFA) in the Agricultural & Environmental Services Program for debt service. Agriculture & Forestry completed paying debt service on bonds for the Lacassine cane syrup mill and various forestry firefighting equipment in FY 18. This fund derives its revenue from an annual \$12 M deposit from net slot machine proceeds.	\$0	-\$7,845,486	0
04F - 160	Agriculture & Forestry	Agriculture & Forestry	Reduces funding associated with an across-the-board reduction of discretionary SGF (excluding select departments/agencies). LDAF reports that it intends to implement a hiring freeze within the Office of Management & Finance and the Forestry Programs to avoid impacting direct services.	-\$865,542	-\$865,542	0
Supplemental appropriation contained in Section 19.B of Act 2 of the 2018 3rd ES, contingent on the recognition of additional revenues by the REC, would restore \$600,000 of this adjustment subject to approval by the JLCB.						
Major Reductions for Agriculture & Forestry				-\$865,542	-\$8,711,028	0

05 -	Economic Development	Department Wide	Reduces funding associated with an across-the-board reduction of discretionary SGF. LED would realize a reduction in the Office of the Secretary (\$681,315) and Office of the Business Development (\$175,179). The \$681,315 reduction in the Office of the Secretary is allocated within FastStart and is mitigated by existing program contracts that were carried forward from FY 18 to FY 19. However, the reduction does limit FastStart from entering into new contracts in FY 19. The Office of Business Development reduction of \$175,179 SGF is allocated to the advertising budget for the LA Job Connections initiative.	-\$856,494	-\$856,494	0
Supplemental appropriation contained in Section 19.B of Act 2 of the 2018 3rd ES, contingent on the recognition of additional revenues by the REC, would restore \$500,000 of this adjustment subject to approval by the JLCB.						
05 - 252	Economic Development	Business Development	Business Development - Reduces SGR budget authority to reflect the creation of an escrow account to process expenditure verification fees pursuant to Act 412 of 2015. Current statute requires verification of expenditures by an independent CPA or tax attorney prior to an entity receiving an entertainment industry tax credit. LED currently receives the aforementioned fees and has requested a reduction in SGR authority to reflect placing these fees in escrow, as the department acts as a pass-through entity and no expenditures are made on behalf of the State.	\$0	-\$7,200,000	0
05 - 252	Economic Development	Business Development	Business Incentives - Reduces federal budget authority for the State Small Business Credit Initiative, which provides access to capital investment for qualifying small businesses. This reduction is to align LED's FY 19 budget authority with available resources associated with this grant.	\$0	-\$4,707,313	0
Major Reductions for Economic Development				-\$856,494	-\$12,763,807	0

06 - 267	Culture, Recreation & Tourism	Tourism	Realigns SGR budget authority to the Revenue Estimating Conference official forecast as of 12/14/17 for Tourism Promotion District funding. There is no anticipated operational impact as this was excess budget authority.	\$0	-\$3,182,730	0
Major Reductions for Culture, Recreation & Tourism				-\$1,691,908	-\$4,874,638	0
07 - 273	Transportation & Development	Administration	Decreases expenditure authority paid by Statutory Dedications from the Transportation Trust Fund - Regular to align projected expenditures with revenues projected by the REC on 4/12/18. DOTD indicates this reduction will impact the Records Management contract with Access Science, a service providing assistance to enhance inventory processing and managing of records. DOTD indicates that it will delay preparation for migration of data into the Electronic Content and Records Management system.	\$0	-\$1,300,000	0

DOTD indicates the following impacts by Program: - Engineering – (\$1 M) reduction will be applied against research projects within the LA Transportation Research Center that aim to provide construction cost savings benefits. - Operations – (\$4 M) DOTD reports it will purchase \$1 M less in asphalt, reduce the mowing and/or litter pick up cycles to effectuate an additional \$1 M savings, and reduce heavy equipment acquisitions and replacements by \$2 M.	\$0	-\$5,000,000	0
Major Reductions for Transportation & Development				\$0	-\$6,300,000	0

Major Reductions for DPSC Corrections Services				-\$1,610,213	-\$1,610,213	0
08B - 419	DPSC Public Safety Services	State Police	Non-recurs funding provided for a state police training academy pursuant to R.S. 47:1676E(1), which required an annual appropriation of \$5 M from FY 14 to FY 18. LSP anticipates holding an attrition class as a number of troopers become eligible for retirement under the new pay grid, which has been in effect for 3 years. This attrition class will serve to replace outgoing troopers, but will not have any impact on overall manpower.	-\$5,000,000	-\$5,000,000	0
08B - 419	DPSC Public Safety Services	State Police	Non-recurs funding from the statutorily dedicated Riverboat Gaming Enforcement Fund provided for the replacement of the Legacy Integrated Gaming System (LIGHTS).	\$0	-\$2,417,000	0
08B - 419	DPSC Public Safety Services	State Police	Reduces SGR funding for overtime pay, for a total agency reduction of 30% from existing operating budget. This adjustment will align the budget authority with the projected revenue generated by the quarter cent sales tax charged by the French Quarter Economic Development District.	\$0	-\$500,000	0
08B - 422	DPSC Public Safety Services	State Fire Marshal	Reduces funding from the statutorily dedicated LA Fire Marshal Fund to align the appropriation to the most recent official forecast of the REC. Funding for the LA Fire Marshal Fund is derived from a tax on gross annual premiums. LSFM reports this reduction will impact group insurance/workers compensation for volunteer firefighters, reduce fire marshal field services, and delay plan review and construction design approval.	\$0	-\$2,191,484	0

Major Reductions for DPSC Youth Services				-\$1,814,963	-\$1,814,963	0
09 - 301	Health	Florida Parishes Human Services Authority	Net reduction of IAT from the Office of Behavioral Health - Addictive Disorders Program to the Florida Parishes Human Services Authority (FPHSA). The reduced IAT is derived from \$315,354 in total reductions of allocations from the Tobacco Tax Health Care Fund (\$191,839) and the LA Partnership for Success (\$123,515). The decrease is offset by a \$30,000 enhancement for the Mental Health Block Grant. FPHSA staff indicate this reduction will result in scaled-down tobacco cessation efforts and start-up expenses for the LA Partnership for Success not being funded in FY 19.	\$0	-\$285,354	0
09 - 306	Health	Medical Vendor Payments	Reduces SGF for “Clawback” funding. LA Medicaid pays premium payments (100% SGF) to the Centers for Medicare and Medicaid Services (CMS) on a monthly basis to cover the state’s share of the cost of the Medicare Prescription Drug Program (Medicare Part D). Dual eligibles (individuals enrolled in Medicaid and Medicare) receive prescription drug benefits from Medicare only (not Medicaid). The amount that each state is designed to pay is based on what a state would pay if a dual eligible Medicaid enrollee would have continued to receive their prescription drug benefit under Medicaid.	-\$2,596,436	-\$2,596,436	0
09 - 306	Health	Medical Vendor Payments	Savings associated with reforms in the Medicaid eligibility process that will reduce the reasonable compatibility standard from 25% to 10% and begin the utilization of income tax data as a tool in the eligibility determination process.	-\$20,948,852	-\$175,835,399	0

Major Reductions for Health				-\$23,545,288	-\$179,596,290	0
10 - 360	Children & Family Services	Children & Family Services	Non-recurs funding (\$23,295,558 IAT and \$5,673,467 Federal) for the Integrated Eligibility (IE) project. Implementation of the project began in FY 17 and is anticipated to end in FY 19. Therefore, this adjustment represents reduced funding associated with project implementation costs in FY 19. Note: The total funding for the IE project in FY 19 is \$26,435,810 (\$9,294,199 SGF, \$10,379,165 IAT, and \$6,762,446 Federal).	\$0	-\$28,969,025	0

11 -	Natural Resources	Department Wide	Reduces funding associated with an across-the-board reduction of discretionary SGF. The decrease is anticipated to impact the Office of the Secretary (\$31,886), Office of Conservation (\$290,151), Office of Mineral Resources (\$277,665), and Office of Coastal Management (\$74,218). The department indicated vacant positions will not be filled which may result in a reduction in lease management activities, delays in collecting royalties, delays in processing new mineral lease applications, increased times for permitting and reductions in compliance actions, slow down permitting and inspection cycles, and diminish the state's ability to generate revenue from oil and gas activities in the state's coastal zone. Supplemental appropriation contained in Section 19.B of Act 2 of the 2018 3rd ES, contingent upon recognition of revenues by the REC, provides for restoration of \$500,000 of this reduction subject to approval of the JLCB.	-\$673,920	-\$673,920	0
11 - 431	Natural Resources	Office of Secretary	Eliminates IAT funding for the Department of Wildlife & Fisheries Atchafalaya Basin Program. DNR will no longer implement water quality and/or water management projects proposed in the Atchafalaya Basin Master Plan and Annual Plan. The purpose of these projects is to ensure the sustainability of the Atchafalaya Basin and all of its ecological and recreational benefits. In addition to the elimination of these measures, DNR will no longer implement access or recreation projects in the Atchafalaya Basin for the benefit of LA's citizens and visitors.	\$0	-\$200,000	-2
11 - 431	Natural Resources	Office of Secretary	Eliminates the Public Information Office. There is currently a filled position that will be eliminated as a result of this cut. Currently, the Public Information Office provides ongoing public outreach with the general public and a statewide media network of newspapers, broadcast news outlets, and news services through press releases, public service announcements, newsletters, informational packets, and other means. As a result of this elimination, DNR does not anticipate it will be able to perform these services. These services will have to be handled by other executive staff but may not be disseminated timely as a result.	-\$75,000	-\$75,000	-1
11 - 432	Natural Resources	Conservation	Eliminates the Legacy Site Remediation Program, which implements the mandatory Oilfield Site Evaluation & Remediation Plan review established by LA R.S. 30:29. The purpose of this program is to review proposed remediation plans associated with litigation over alleged environmental damage caused by oil and gas activity in order to select, for the Court's consideration, an evaluation and/or remediation plan determined to be the most feasible. There are currently 449 active legacy lawsuits filed to date and DNR has stated that failure to enforce these legal provisions may lead to additional litigation. DNR will have to outsource management or operations for these services to ensure proper remediation of legacy oilfield sites. This includes legal and technical consultants with costs that are unknown at this time. Supplemental Appropriation contained in Section 19.B of Act 2 of the 2018 3rd ES, contingent upon recognition of revenues by REC, provides \$280,000 and 2 positions for this program subject to the approval of the JLCB.	-\$275,000	-\$275,000	-2
11 - 434	Natural Resources	Mineral Resources	Reduces funding from the Mineral & Energy Operation Fund due to a decrease in operating agreements and new lease fees. IAT expenditures to the Office of the Secretary for indirect administrative services are being reduced. These expenses will be covered by other agencies within DNR.	\$0	-\$971,879	0

12 - 440	Revenue	Office of Revenue	Reduce SGF budget authority associated with WAE and temporary personnel, State Reciprocal Program (SRP) participation, audit consulting services, and legal representation. LDR employs an average of 50 wage employees, and utilizes up to 45 temporary wage personnel during the annual peak between March and May. The total number of hours worked is monitored and adjusted as needed. This reduction (\$1.68 M) will result in increases in time required for tax return and refund processing and deposits. LDR reports that the reduction to audit consulting services (\$198,000) and legal representative services (\$202,000) will impact current and future collections and compliance. The reduction to SRP participation amounts to approximately \$204,000 and will result in no impact to operations, as this functionality is being implemented into the integrated tax system, the cost of which will be offset by IAT charges from the Office of Technology Services.	-\$2,283,617	-\$2,283,617	0

13 - 856	Environmental Quality	Environmental Quality	Non-recurs IAT funding from GOHSEP for a Hurricane Katrina Demolition and Oversight Contract. These are FEMA funds to provide for hurricane related demolition and landfill oversight work. Work was conducted throughout southeast LA, and in recent years the majority of work has taken place in St. Bernard Parish and the New Orleans area. The contracts originally began in August 2008 and was completed on 2/28/18.	\$0	-\$350,000	0
13 - 856	Environmental Quality	Environmental Quality	Non-recurs IAT funding from LDH for the Zika Virus Prevention Program. These are grant funds from the CDC to provide for work on tire abatement in the parishes affected by the mosquitos that carry the Zika virus. Currently, Orleans Parish and surrounding areas are the most affected. This program began in October 2017 and was completed 6/30/18.	\$0	-\$250,000	0
13 - 856	Environmental Quality	Environmental Quality	Non-recurs federal funding from a portion of the performance partnership multipurpose grant between DEQ and EPA. 14 - 474	Workforce Commission	Workforce Support & Training	Reduces federal budget authority associated with maintenance of the Helping Individuals Reach Employment (HIRE) computer system. HIRE is an online system that allows job seekers to search for a job, create a resume, and find training providers. The system also allows employers to find qualified employees and post job vacancies. 14 - 474	Workforce Commission	Workforce Support & Training	Reduces excess IAT budget authority for the LA Job Employment Training (LaJET) Program. The LaJET program was established by and receives funding from the U.S. Department of Agriculture under the Food Stamp Act of 1977, Food Security Act of 1985 and the Personal Responsibility & Work Opportunity Act of 1996. LaJET provides job readiness training, literacy training as well as job development, assessment, and counseling to Supplemental Nutrition Assistance Program (SNAP) recipients age 16 - 59. 16 - 513	Wildlife & Fisheries	Office of Wildlife	Reduces the statutorily dedicated Conservation Fund in order to align expenditures with projected revenues. This decrease will reduce the number of contractual services for prescribed burning projects and nuisance bear and beaver projects. The department reports that although these programs will still exist, there will be reduced levels of activity statewide. On average, the Office of Wildlife has 45 contracts: prescribed burning (40), nuisance bear (3) and beaver (2). This adjustment will reduce the number to approximately 35 contracts: prescribed burning (32), nuisance bear (2) and beaver (1). Reduced services will impact all areas of the state.	\$0	-\$570,829	0
16 - 514	Wildlife & Fisheries	Office of Fisheries	Provides for a reduction to statutorily dedicated funds within the Office of Fisheries. These reductions are to align expenditures out of the various accounts with projected revenues. Public Oyster Seed Ground Development Fund (\$635,000) and Artificial Reef Development Fund (\$1 M) reductions will impact the number of reefs that will be developed annually. The department will continue construction, however building may take place at a slower rate in order to accommodate the available funding. Conservation Fund (\$800,000) reduction will impact the aquatic weed spraying program. The department has begun to implement more cost effective strategies (i.e. draining waterbodies) to help offset the reduction.	\$0	-\$2,435,000	0
16 - 514	Wildlife & Fisheries	Office of Fisheries	Reduces funding from the statutorily dedicated Conservation Fund due to the elimination of an IAT agreement between the Office of Fisheries and DNR for costs associated with the Atchafalaya Basin Program. LDWF provides funding to DNR to administer the program which has multiple goals of providing public access, environmental protection and developmental control, water management, and recreational opportunities throughout the Atchafalaya Basin area. 19D - 682	Education	Recovery School District (RSD)	Reduces IAT (\$6,945,589) and SGR (\$3,073,786) for the Instruction Program as a result of the transfer of 38 public schools from the Recovery School District back to the Orleans Parish School Board (OPSB). This adjustment includes a reduction of 69 non-T.O. positions reducing the total number of positions from 92 to 23. Act 91 of 2016 provided that no later than 7/1/18, every school in the RSD shall be returned to the jurisdiction of the local school system from which it was originally transferred. The OPSB will serve as the primary governing authority and schools will be required to participate in the parish-wide enrollment system and student expulsion process in accordance with OPSB policy. However, these charter schools may opt to continue operating as their own local education agency for funding purposes (Type 3B), with continued autonomy in areas such as programming, curriculum, materials, HR decisions, and budget.	\$0	-\$10,019,375	0
19D - 695	Education	Minimum Foundation Program (MFP)	Net reduction in SGF funding for the FY 19 MFP based on lower enrollment projections. The net reduction is a result of the following adjustments: (\$7,471,649) non-recurs one-time emergency assistance funding associated with school districts impacted by the 2016 floods. Impacted districts and funding loss averted were Livingston at 100% (\$4,252,019); East Baton Rouge at 50% (\$2,858,158); and Tangipahoa at 50% (\$361,472). \$9,824,083 increase based on the 10/1/17 student count indicating a net increase of 1,858 students (691,315). The FY 19 base per pupil amount remains at \$3,961. (\$10 M) annualizes reduction in Act 59 of 2018 RS (Supplemental Appropriation Bill) due to lower student enrollment. Note: FY 19 total funding is \$3.71 B (\$3.438 B SGF and \$271.8 M Statutory Dedication), which includes a MOF swap that reduced SGF by \$13.148 M and increased Statutory Dedications from the Support Education in LA First (SELF) Fund (\$3.045 M) and the Lottery Proceeds Fund (\$10.103 M).	-\$7,647,566	-\$7,647,566	0
19D - 697	Education	Non-public Education Assistance	Reduces funding for non-public schools. Nonpublic Educational Assistance includes three programs: Textbooks Administration and Textbooks; Required Services; and School Lunch Salary Supplements. FY 19 funding is as follows: Required Services \$7,589,213 (a reduction of \$767,990 or 9.2% from FY 18), and the School Lunch Salary Supplements \$7,002,614 (a reduction of \$528,316 or 7% from FY 18). Funding for the constitutionally mandated Textbook Program is reduced by \$164,919 based on historical expenditure levels for a total FY 19 funding of \$2,919,389 (including \$165,553 for administration).	-\$1,461,225	-\$1,461,225	0
19D - 699	Education	Special School Districts	Eliminates 9 vacant instructor positions and associated funding. These positions have been vacant for 1 year or longer and are located across the state. The reduction in funding and inability to fill the vacant positions may impact the operations at various locations, and cause current instructors to carry excess teaching loads in order to stay compliant with the individualized education programs and special education law.	-\$494,997	-\$494,997	-9

20 - 451	Other Requirements	Local Housing of State Adult Offenders	Reduces funding for Local Housing of State Adult Offenders. Multiple adjustments in the budgetary process resulted in a net decrease of approximately \$6.8 M. Approximately \$10 M was restored for local parole holds and \$4,976,775 for the Transitional Work Program. Corrections Services reports that its current projections indicate a shortfall in the Local Housing for State Adult Offenders at the current funding level but has not been able to provide a final estimate of the magnitude at this time. Supplemental appropriation contained in Section 19.B of Act 2 of the 2018 3rd ES, contingent on the recognition of additional revenues by the REC, would provide additional funding of \$10.5 M to the Local Housing of State Adult Offenders Program subject to approval of the JLCB.	-\$6,800,396	-\$6,800,396	0

20 - 945	Other Requirements	State Aid to Local Govt. Entities	Non-recurs a portion of the amount associated with the Casino Support Services contract from the statutorily dedicated Casino Support Services Fund, since the JLCB has not yet approved the FY 19 contract. LA RS 27:247 requires the Gaming Control Board to enter into a casino support services contract with governing authorities in parishes where official gaming establishments are located in order to compensate the parish for the cost of providing support services resulting from the operation of official gaming establishments and activities therein. Support services include, but are not limited to, fire, police, sanitation, health, transportation and traffic services. Note: This represents a SGF reduction of 2% from specified agencies' recommended FY 18 budget to match revenues available as per the REC forecast of January 13th. The reduction is allocated as follows: Executive Office (\$139,104) - reports it will delay hiring 2 vacant positions; Inspector General (\$39,935) - reports reduction will restrict agency personnel's ability to travel for investigations; Mental Health Advocacy Service (\$57,890) - reports agency will rely on forced attrition savings; LA Tax Commission (\$42,353) - reports agency will rely on forced attrition savings; Division of Administration (\$917,210) - reports agency will delay hiring 9 positions [3 in OPB, 2 in OSRAP, 2 in State Buildings and 2 in Human Resources]; Homeland Security & Emergency Preparedness (exempted); Military Affairs (\$142,000) - unspecified reductions; and LA Commission on Law Enforcement (\$80,523) - reports the reduction will impact Drug Abuse Resistance Education (DARE) grants providing aid to local agencies to conduct drug abuse resistance classes in participating school districts throughout the state.	-\$1,419,015	-\$1,419,015	0
01 - 109	Executive	Coastal Protection & Restoration Authority	Reduces federal budget authority by \$2,539,695 associated with the RESTORE Act funding to align IAT expenditures with the FY 18 annual plan. The Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economy of the Gulf Coast Act of 2012 (the RESTORE Act) was passed by Congress in June 2012. The RESTORE Act also outlines a structure by which the funds can be utilized to restore and protect the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region. The Clean Water Act (CWA) penalties from Transocean Deepwater Inc. (Transocean), Anadarko Petroleum Corporation (Anadarko), and British Petroleum (BP) are subject to the RESTORE Act. Over a 15-year period, these settlements combined will direct a minimum of approximately \$988.2 M to LA, of which \$876.7 M will be allocated to CPRA for implementation of Master Plan projects. Projected FY 18 RESTORE Act expenditures total \$67.11 M.	\$0	-\$2,539,695	0
01 - 109	Executive	Coastal Protection & Restoration Authority	Net reduction as a result of increasing Federal (\$16,277,843) and IAT (\$982,600) budget authority; and reducing statutorily dedicated funding from the Coastal Protection & Restoration Fund (\$27,941,495) and the Natural Resources Restoration Trust Fund (\$20,761,639). This will allow the agency to align Other Charges expenditures with Coastal Protection & Restoration Authority's Annual Plan based on anticipated FY 18 projects and funding levels. This includes the following adjustments: Coastal Wetlands Planning, Protection & Restoration Act (CWPPRA) Coastal Protection & Restoration Fund (\$31,318,707) Federal Funds \$16,397,843 National Fish & Wildlife Foundation (NFWF) (Coastal Protection & Restoration Fund) \$3,377,212 NRDA Deepwater Horizon Oil Spill (Natural Resources Restoration Trust Fund) (\$20,761,639) RESTORE Act (Federal funds) (\$120,000) Houma Navigation Canal Deepening Project (IAT) \$31,200 FEMA funding for repairs from natural disasters (IAT) \$951,400 Total Annual Plan Adjustment (\$31,442,691)	\$0	-\$31,442,691	0

The 3 purchases were all recommended during the Governmental Efficiencies Management Support (GEMS) Project. Computer Aided Dispatch is a method of dispatching emergency services assisted by computer, and would allow dispatchers to understand the status of all units being dispatched. eCitation software would allow OSP Troopers to automate ticket writing and process citations for law enforcement agencies. Replacing paper tickets with the eCitation process would hasten issuing traffic citations and allows for fast and accurate capture of the offender's data. 09 - 375	Health	Imperial Calcasieu Human Services Authority	Annualization of mid-year cuts. The agency will not fill 3 vacant positions: Program Monitor, Social Services Counselor 4, and Social Services Counselor 3. The Program Monitor position is in the Developmental Disabilities Division. Without this position, the agency is out of compliance with its contract with LDH, which requires implementation of the Quality Enhancement Program. The Social Services Counselor 4 position is in the Addictive Services Division and carries a caseload of approximately 50. Others are picking up the caseload; however, without this position, the agency is out of compliance with licensing rules regarding caseload size allowed per clinician. The Social Services Counselor 3 position is in the Behavioral Health Division and is responsible for interviewing and triaging clients. These duties are being picked up by another employee and have resulted in additional wait times to access services.	-\$166,160	-\$166,160	0

09 - 376	Health	Central LA Human Services District	Annualization of mid-year cuts. A nursing contract (\$30 K) was terminated. 09 - 377	Health	Northwest LA Human Services District	<p>Annualization of mid-year cuts. An outreach contract with the Hope for the Homeless Program will be reduced by \$30 K, impacting 172 clients. The contractor provides assistance and screenings for homeless populations with mental health disorders and substance abuse issues. As a result of the reduction, there will be fewer hours of screenings performed.</p> <p>In addition, \$218 K associated with 3 behavioral health direct care positions is being eliminated. Information provided by the agency indicated that there is shortage of clinical positions needed to meet the volume of services requested causing the clinics at NLHSD to place restrictions on mental health admissions. These restrictions also negatively impact the agency's ability to generate revenue.</p> <p>There is a \$35 K reduction to Community Support Programs - Transportation. This reduction will right-size the contract due to Medicaid expansion. Clients are now Medicaid eligible and Medicaid will reimburse the contractor for this service.</p> <p>Supplies and operating services are being reduced by \$195 K resulting in delayed maintenance, technology upgrades, and supply purchases. 11 -	Natural Resources	Department Wide	Reduction in accordance with the LA Constitution, Article 7, Section 11.A. Note: This represents a SGF reduction of 2% from the recommended FY 18 budget to match revenues available as per the REC forecast of January 13th. Office of Conservation (\$70,476) anticipates this cut can be achieved by attrition savings from any new vacancies that typically occur during the fiscal year. This is anticipated to impact inspection cycles as more sites will need to be inspected by a smaller pool of inspectors. Office of Coastal Management (\$4,367) and Office of the Secretary (\$8,381) anticipate their cut can be achieved by reducing the travel budget. Office of Mineral Resources (\$204,521) anticipates the cut will be achieved by attrition savings from currently funded vacancies. This is anticipated to impact audits of royalty income and reviews of existing leases by limiting the number of positions available to perform these services in a timely manner.	-\$287,745	-\$287,745	0

The FY 18 executive budget eliminated a \$1.49 M SGR contract for the Tier 1 Call Center, which represented a continuation of the FY 17 mid-year deficit reduction plan. Programmatic effects of the contract's reduction included longer wait times for persons calling LDR staff and a higher call abandonment rate. The SGR reduction will be offset by an enhancement of \$848,262 SGR for 15 other charges positions that will be used in the same capacity as the Tier 1 Call Center. The 15 positions will initially be classified as job appointments for a period of 3 years. LDR will compensate these other charges employees on an hourly basis. If these positions adequately offset the programmatic impacts of the reduction of the Tier 1 Call Center contract, LDR reports that it may request these job appointments be converted into permanent T.O. positions at a future date. LDR staff report that the potential conversion of the classified job appointments into T.O. positions will not come with additional costs.	\$0	-\$636,738	0

The majority of these meals, or 426,000, are set to expire in September 2015, which will leave the agency with approximately 28,000 MREs on hand. In order to maintain the recommended 150,000 level, the agency will likely expend approximately \$465,000 to purchase approximately 122,000 MREs in the Fall 2015 after hurricane season. GOHSEP currently has approximately 774,000 MREs, 746,000 bottles of water, 903,000 sandbags, 33,700 tarps, 10,190 blankets, 1,862 regular cots and 718 children cots. GOHSEP has determined that the level of MREs on hand by the state should be 150,000. GOHSEP has the funding needed in FY 16 budget to achieve this recommendation. This event was held in the Mercedes-Benz Superdome on 4/6/2014. This is not an annual New Orleans event. Thus, the SGR generated by the district has been reduced. TASCs are local entities which fight truancy among K-12 students. Reduction of \$37,239 from LCLE's \$250,000 Human Trafficking activities budget, a reduction of approximately 15% to \$212,764. The last portion of the reduction is \$37,796 from the LA Automated Victims Notification System (LAVNS), decreasing LAVNS budget authority from \$833,323 to \$795,527, an overall reduction of approximately 5%. 08B - 419	Public Safety	State Police	The net decrease of \$9.9 M is a result of a decrease in SGR of \$18 M and an increase in statutorily dedicated funds by \$8.1 M. The \$18 M decrease in SGR is reducing budget authority that was added during the FY 15 budget development process to fund the state troopers pay raises as a result of the enactment of Act 641 of 2014. However, Act 641 of 2014 created a statutorily dedicated fund and did not increase SGR. 10 - 360	Children & Family Services	Children & Family Services	Reduces funding (\$3.4 M SGF and \$6.6 M Federal) for the Modernization Project in the Administration & Executive Support Program. The Modernization Project is a 5-year initiative and FY 16 represents its final year of implementation. The decrease in funding represents the completion of the programming and development stages of the project. The goal of the Modernization Project is to transform the service delivery of DCFS to allow clients multiple ways to apply for services and access services. As a result, clients will no longer have to visit physical DCFS office locations or travel to multiple locations to do business with DCFS. The modernization project includes: (1) customer service call center; (2) electronic case records and document imaging; (3) customer service portal that has a web based application for services and allows clients to access their case record to view basic case information; (4) provider portal that allows providers to view and update basic information regarding invoice, payments, and fees; and (5) worker portal that allows DCFS staff to update and maintain client case information. In FY 16, the Modernization Project is budgeted at \$21,247,075 (\$1.745 M SGF, \$2,616,270 IAT and \$16,885,075 Federal).	-\$3,400,000	-\$10,000,000	0
10 - 360	Children & Family Services	Children & Family Services	Decreases funding (\$1,662,723 SGF and \$1,662,723 Federal) for the call center contract with Xerox Corporation due to reduced level of utilization (incoming calls from clients) based upon implementation of the last phase of Modernization Project, Common Access Front End (CAFE). The CAFE worker portal will allow department staff to electronically process SNAP cases in parish field offices. In addition, the CAFE customer portal allows clients to create an online account, check the status of their application, complete online applications, reapplications, and submit re-determinations and renewals for continued support. In FY 16, the department will utilize existing staff to maintain an in-house call center.	-\$1,662,723	-\$3,325,446	0

11 - 431	Natural Resources	Office of Secretary	Reduces IAT funding from the Department of Environmental Quality (DEQ) and the Department of Wildlife & Fisheries (LDWF) associated with paying for back-office functions (HR, Procurement, & IT) to the Division of Administration (DOA). The areas of HR, IT and Procurement for LDWF, DEQ, and DNR were merged as a result of a DOA decision in FY 14 to reduce T.O. staffing by 1/3 for back-office functions. Formerly, DNR used IAT funding from DEQ and LDWF to pay DOA for back-office functions, but the consolidation of DEQ, LDWF, and DNR back-office functions will reverse the consolidation causing DEQ and LDWF to pay DOA directly for services used by all 3 agencies. Since DNR no longer needs IAT funding to pay for back-office functions, they are reducing the excess IAT authority that is no longer needed.	\$0	-\$3,062,317	0

The reduction of floor space coincided with the IT and Procurement sections being combined with DOA. After the merger with DOA, DNR repositioned some sections and was able to release the space.	-\$300,000	-\$300,000	0

11 - 432	Natural Resources	Conservation	This is a reduction to correct the misalignment between the salaries and related benefits created in the department by the retirement incentive offered on 7/1/2014 to help reduce personal services expenditures. Due to the budget being developed far in advance of the incentive plan, the additional retiree related benefits had been underfunded. However, there were sufficient vacancy savings to offset the shortage. This budget reduction merely aligns the personal services expenditure categories. The following expenditure categories have been impacted: salaries (\$200,000) and other chargers (\$190,000) were decreased while related benefits (\$40,000) were increased, creating a \$350,000 total reduction to align more closely with actual expenditures.	\$0	-\$350,000	0
11 - 434	Natural Resources	Mineral Resources	Reduces funding (\$150,000 SGF and \$200,000 Statutory Dedications) due to the closure of the Dallas audit office of the Mineral Income Division, shifting the 4 personnel to either the Houston or Baton Rouge audit offices. The Mineral Income Division performs collection, accounting, and auditing of revenue due to the state from mineral leasing activity of state-owned land and water bottoms on behalf of the Mineral Board. Depending upon the need of the office of reassignment, current personnel will either remain field auditors or convert to desk auditors.	-\$150,000	-\$350,000	0
11 - 434	Natural Resources	Mineral Resources	Reduces funding for other compensation (\$10,000), travel (\$30,000), professional services (\$200,000), and other charges (\$150,000). The professional services reductions will remove excess budget authority for legal contracts in concurrent cases. Concurrent cases are cases in which 2 or more courts may simultaneously have jurisdiction over a specific legal action. The costs of these concurrent cases and other, potentially new litigation could not be anticipated by DNR at the time of this writeup, making the impact of the reduction uncertain. Reduction in other charges represents the expiration of a contract with METHODS Technology Solutions that assists with the maintenance of the Strategic Online Natural Resources Information System (SONRIS). SONRIS is a multifaceted system that allows users to access oil and gas information, coastal information, and historical records while also providing an interactive mapping program that allows users to examine various geological characteristics of an area.	-\$390,000	-\$390,000	0

16 - 512	Wildlife & Fisheries	Office of Secretary	Non-recurs Federal funds for one-time grant funding pursuant to a National Oceanic and Atmospheric Administration Joint Enforcement Agreement that allowed the Enforcement Division to have a greater presence offshore in the Gulf of Mexico and inland. The Enforcement Division performs traditional duties such as upholding laws and regulations as well as conducts search and rescue boating operations, boating safety courses, and hunting and fishing accident investigations. This grant is reduced annually and once the funds are disbursed for the next fiscal year, an amendment to the budget is requested so that the funding can be received.	\$0	-\$107,849	0
16 - 513	Wildlife & Fisheries	Office of Wildlife	Reduces federal budget authority due to a decrease in the Sportfish Restoration Grants. The grant is based on an excise tax on guns and ammunition. After individuals purchase firearms and ammunition, the manufacturers pay an excise tax (10-11% depending on firearm type and 11% on ammunition) to the U.S. Fish & Wildlife Service which then allocates funding to State wildlife agencies in the form of grants to be disbursed. There was an increase in gun and ammunition sales in FY 14 that resulted in a high apportionment of funding. In FY 15, gun and ammunition sales decreased to more normalized levels, reducing apportionment. This reduces authority to match the new apportionment. There is no expected impact as a result of the decrease as funding was used for one-time maintenance projects such as bridge repair, water control structure repairs, and Wildlife Management Areas road improvements.	\$0	-\$5,624,750	0

Construction on Shell Island East Project in Plaquemines Parish began in FY 13 and was finished in FY 14. The remaining funding will be used for final payment to the contractor. 04a- 139	State	Secretary of State	Decrease in election expenses due to LA having one fewer statewide election in FY 17 than in FY 16. The Secretary of State anticipated this based upon the election cycle, and as a result the reduction will have no programmatic impact on elections. In FY 17 there are 4 statewide elections including an open primary/presidential/congressional, open general/congressional, municipal primary, and municipal general. 04a- 139	State	Secretary of State	The Secretary of State's SGF reduction will affect its Museums & Other Operations Program (\$662,768) and Administrative Program (\$227,501). Programmatic impacts include limiting museum hours and operating days, closure of museums, and transfer of museums to local governing authorities. During the 2016 Regular Session 2 museums were transferred to local governing authorities: the Chennault Aviation & Military Museum in Monroe (Act 14) and the Schepis Museum in Columbia (Act 16). The Secretary of State reports that discussions with local authorities regarding the transfer of the department's other museums are ongoing. Furthermore, the Secretary of State indicates that all of the department's museums are operating on a limited basis with the exceptions of the Old State Capitol in Baton Rouge and the LA State Exhibit Museum in Shreveport, which are currently open 5 days a week.	-\$890,269	-\$890,269	0

08A- 400	DPSC Corrections Services	Administration	Reduces SGF associated with prisoner healthcare costs potentially offset by Medicaid expansion. Currently the DPSC Corrections Services maintains hospitalization contracts and service agreements with private hospitals to provide needed critical services to inmates. When an inmate is admitted to a hospital, the department generally pays a negotiated rate equal to the Medicaid rate for those services from 100% SGF monies. After expansion, Medicaid will reimburse provider charges for inmates that are admitted for hospitalization and retained for greater than 23 hours. The department estimates that the average cost of services for this population is currently approximately \$3.5 M. After Medicaid expansion, private hospitals will bill DHH for Medicaid reimbursement rather than billing Corrections Services for certain services. The increased cost of Medicaid expenses is built into the DHH Medicaid Vendor Payment model for FY 17.	-\$3,500,000	-\$3,500,000	0

DHH consolidated the PSH programs and transitioned eligible recipients in the PSH Program from CDBG to funding under Medicaid 1915(c) waivers and 1915(i) programs, which is a more sustainable funding source. In FY 17, total funding for PSH is \$3,746,792. Since PSH is an "as needed" program, OAAS will serve individuals until all funds are expended. Presently, OAAS is serving 4,116 individuals. As a result of this reduction, TOPS is funded at 70% of the total program cost of \$297.1 M. Per Act 503, all awards will be equitably reduced in the event insufficient funding is provided. Under the proposed legislation, the average award amount would decrease from \$5,718 to \$4,031 (70% of fully funded award amount), a decrease of \$1,687 per award per student. 19 - 695	Education	Minimum Foundation Program (MFP)	Reduces the FY 16 funding which was included in a supplemental appropriation outside of the formula: a 1.375% inflation adjustment (\$36.2 M); an increase for the Supplemental Course Allocation (\$2.6 M); and an increase for the High Cost Services Allocation (\$5.4 M). HR 231 of 2015 urged and requested BESE to incorporate the supplemental funding into the FY 17 resolution. As such, the proposed MFP for FY 17 approved by BESE on March 4th incorporated this adjustment into the formula. This represented standstill funding for the MFP. However, in light of the state's fiscal status the MFP resolution (SCR 44) was rejected by the Senate Education Committee. 00 - 00	Statewide	Statewide	Reduces funding (\$25,092,360 SGF and \$2,927,531) and 55 positions due to the statewide IT consolidation. The statewide IT consolidation will result in a reduction of 62 positions (55 T.O. positions, 1 Non-T.O. position & 6 Other Charges positions) and the transfer of 724 T.O. positions and 9 Other Charges positions from various state agencies into the newly created Office of Technology Services (OTS, 21-815), an ancillary agency contained in the Ancillary Appropriations Bill. According to the Division of Administration (DOA), these 62 positions are currently vacant. The majority of the savings is a result of consolidation of software licenses, hardware maintenance agreements, and staff augmentation contract services, which will result in various savings to professional services and operating services expenditures. A smaller portion of the SGF savings is due to the reduction of 62 total positions at various state agencies statewide. OTS will be the central procurement and provisioning agency for all technology goods and services. The new OTS agency's FY 15 budget is \$280 M IAT revenue from these various state agencies. According to the DOA, the original source of funds being utilized by the various state agencies is as follows: SGF (\$65.2 M), IAT (\$24.1 M), SGR (\$49.7 M), Statutory Dedications (\$48.6 M) and Federal (\$71.4 M). Overall, instead of the impacted state agencies funding their IT expenditures with salaries/related benefits for IT employees and/or professional services for IT contracts, these state agencies will be "invoiced" for IT services provided by the OTS.	-\$25,092,360	-\$28,019,891	-55

Every year during budget development, the DOA does a historical vacancy project that determines the average number of positions vacant each fiscal year within any agency and how long those positions have been vacant. This information is utilized to calculate the amount of attrition to charge the agency. The following departments will realize a reduction in positions: Agricultural & Forestry (11), Children & Family Services (58), Environmental Quality (5) and Special Schools & Commissions (2).	-\$16,682,629	-\$54,552,464	-76

The LWIN Project began in 2005 after hurricanes Katrina and Rita and is utilized primarily by first responders statewide. According to the agency, the LWIN is the largest statewide radio system in the country with approximately 70,000 users of which 70% of those users are local government entities. The original source of revenue flow into the fund was SGF, which was always included in Schedule #20-XXX. For FY 15, State Police will fund the day-to-day maintenance expenditures of the 700 MHz system with statutorily dedicated funding from the Riverboat Gaming Enforcement Fund as opposed to SGF deposited into the LA Interoperability Communications Fund appropriated to GOHSEP and sent (IAT) to State Police. 01 - 112	Executive	Military Department	Reduces federal budget authority associated with an approved Joint Legislative Committee on the Budget (JLCB) BA-7. The Federal funds were originally appropriated at the 9/13/2013 JLCB meeting in order for the department to hire a specialized contractor to dispose of approximately 18 million pounds of explosive materials stored within 97 magazines at Camp Minden. These materials were originally the property of Explo Systems, which was leasing the old ammunition manufacturing facility at Camp Minden to separate military propellant bags and resell components. The dangerous component is M6 smokeless powder, which was improperly stored at Camp Minden by Explo. This ultimately caused an explosion of a portion of these materials in Fall 2012. In September 2013, the department initially thought that federal funds from the U.S. National Guard Bureau may be available to fund the disposal of the M6 powder. However, those specific funds were not made available. Currently, the powder is still being stored and has not been removed. The department is still trying to find funds to assist in the disposal of the powder. To the extent funds are made available, the funds will be utilized to hire a contractor to dispose of the remaining explosive materials.	\$0	-\$30,000,000	0
01 - 112	Executive	Military Department	State Active Duty funding is being reduced from \$479,349 in FY 14 to \$350,000 in FY 15 (\$129,349 reduction). State Active Duty funds are utilized during the year on an as needed basis depending upon the emergency response requirements of the department. These funds are typically utilized to fund minor emergencies that likely are not federally declared disasters, which would trigger federal resources. Historically, the department has approximately \$500,000 SGF budgeted for State Active Duty. FY 15 will have approximately 30% less in State Active duty funds. In its FY 15 budget request, the Military Department requested SGF to replace the loss of the \$700,000 Federal funds. The 16 positions are currently filled. 09 - 302	Health & Hospitals	Capital Area Human Services District	Reduces IAT from the Office of Public Health (OPH), Maternal & Child Health Program for the Nurse Family Partnership (NFP) Program. The NFP Program provides prenatal and early childhood intervention services designed to improve the health and social functioning of low-income, first-time mothers and their babies. The District will retain a budget of \$1.53 M allocated to this activity after this reduction. This adjustment is clean-up in nature, as OPH realized a reduction of Federal funds dedicated to this activity in FY 13 and the District's funding was not reduced by the corresponding amount in the FY 14 Appropriation Bill.	\$0	-\$353,038	0
09 - 304	Health & Hospitals	Metropolitan Human Services District	Reduces excess budget authority enabled by efficiencies generated through privatization of pharmaceutical services. The District anticipates cost savings associated with outsourcing its pharmaceutical services through the elimination of administrative and operating expenditures in addition to lower prescription costs. The privatization was an initiative of Metropolitan Human Services District and other Districts with a similar base delivery model are analyzing the potential to submit RFPs to privatize pharmaceutical services in a like manner.	-\$475,000	-\$475,000	0
09 - 304	Health & Hospitals	Metropolitan Human Services District	Reduces IAT funding from the Department of Children & Family Services to match anticipated expenditures in FY 15. The District previously had 2 providers offering residential addiction treatment for TANF eligible women. One of the providers elected to cease participation in this TANF grant based program, so the associated funding is eliminated.	\$0	-\$299,370	0
09 - 304	Health & Hospitals	Metropolitan Human Services District	Reducing Title 19 Medicaid IAT budget authority to match projected service delivery levels in FY 15. All funds for client services will now be classified as SGR regardless of payer source. The adjustment is necessary to realign the District's MOF to reflect proper funding and service levels after full implementation of the LA Behavioral Health Partnership.	\$0	-\$185,000	0
09 - 305	Health & Hospitals	Medical Vendor Administration	Reduces 9 positions and associated funding (\$252,478 SGF and \$354,235 Federal) in the DHH Office of the Secretary. The reduction represents 7 positions that have been vacant for at least 1 year, and the annualization of Executive Order BJ 14-1 Hiring Freeze, including 2 positions. Positions reduced include physician V, 3 Medicaid program monitors, Medicaid program manager, 2 pharmacists, administrative coordinator and project coordinator.	-\$252,478	-\$606,713	-9
09 - 306	Health & Hospitals	Medical Vendor Payments	Decreases funding (\$150,000 SGF and \$245,361 Federal) due to the implementation of a facility need review process for Pediatric Day Care Facilities (certificate of public need) and implementation of certain cost controls for such providers. The source of Federal funds is Title 19 federal financial participation. Act 15 assumes a Medicaid claims savings resulting from limiting licenses offered to new Pediatric Day Care Facilities to operate and bill Medicaid in certain regions of the state. Licenses will be based on need in a geographic area to limit excess service capacity. The budget also assumes some savings associated with costs controls. <i>Details on specific cost control and associated savings have been requested but not provided to the LFO.</i>	-\$150,000	-\$395,361	0
09 - 306	Health & Hospitals	Medical Vendor Payments	Decreases funding (\$113,820 SGF and \$186,180 Federal) due to the elimination of Medicaid reimbursement for elective deliveries before 39 weeks that are not medically necessary. The source of Federal funds is Title 19 federal financial participation.	-\$113,820	-\$300,000	0

09 - 306	Health & Hospitals	Medical Vendor Payments	Decreases funding (\$750,000 SGF and \$1,226,805 Federal) to 2 Shared Savings Health Plans as a result of eliminating the requirement of these plans to pre process claims. The source of Federal funds is Title 19 federal financial participation. The budget assumes a \$1.9 M decrease in the per enrollee monthly administrative fee to the 2 managed care shared savings plans. Savings will be realized in Medical Vendor Payments by amending the shared savings contracts, as the plans will no longer be required to pre-process claims related to the clients enrolled in the plans. Information from the department indicates savings are generated by removing the pre-processing function built into the plan contract deliverables. Primary care providers, hospitals, specialists and other network providers will no longer submit claims to the plans and the fiscal intermediary (FI), but only to the state FI for processing, payment or denial.	-\$750,000	-\$1,976,805	0
09 - 306	Health & Hospitals	Medical Vendor Payments	Projected savings (\$5,114,508 SGF and \$8,366,009 Federal) in Medicaid Managed Care due to a payment methodology change for the managed care health plans. The source of Federal funds is Title 19 federal financial participation. The Medicaid budget assumes a one-time decrease in aggregate payments to the plans for FY 15. In FY 15, the Department of Health & Hospitals (DHH) will re-bid the Bayou Health Managed Care contracts through a Request for Proposal (RFP) process. As a result of DHH proposing to change its managed care payment methodology from prospective (pay per member per month premiums at beginning of the month) to retrospective (pay per member per month premiums at the end of the month), and intending to build in a month of reimbursement lag, the department projects a one year savings for FY 15.	-\$5,114,508	-\$13,480,517	0
09 - 306	Health & Hospitals	Medical Vendor Payments	Provides funding (\$154,000 SGF and \$251,904) for the Department of Health & Hospitals (DHH) to implement case management for high cost pharmaceuticals. The source of Federal funds is Title 19 federal financial participation. This adjustment is an efficiency implemented as a result of recommendations from Alvarez & Marsal. Information from the DHH indicates the savings is based on implementation of a prior authorization process managing certain pharmaceuticals dealing with Hemophilia. Note: The Medical Vendor Administration budget does not include an associated increase adjustment to implement a prior authorization system for these specific cases.	-\$154,000	-\$405,904	0

09 - 320	Health & Hospitals	Aging & Adult Services	Non-recurs IAT funding from the DOA Office of Community Development Block Grant (CDBG) in the Administration Protection & Support Program for the Permanent Supportive Housing (PSH) Program. The PSH Program links affordable rental housing to people with severe and complex disabilities, enabling them to live successfully in the community. The Department of Health & Hospitals (DHH) consolidated the PSH programs and contracted with Magellan Health Services for certain PSH functions. DHH has been transitioning recipients in the PSH Program from CDBG to funding under Medicaid 1915(c) waivers and 1915(i) programs which is a more sustainable funding source. CDBG funds are used to pay for program administration, certain move-in expenses, and for ongoing supportive services to individuals who are not eligible to have them covered under Medicaid. Of the \$4,753,395, approximately \$4.35 M was transferred to Jefferson Parish Human Services Authority (\$864,724), Florida Parishes Human Services Authority (\$990,000), Capital Area Human Services District (\$975,000), South Central LA Human Services District (\$292,499) and Region 5 Office of Behavioral Health (\$292,499).	\$0	-\$4,753,395	0

09 - 330	Health & Hospitals	Behavioral Health	Non-recurs IAT funding from the Department of Children & Family Services due to the elimination of the TANF Early Childhood Support & Supports (ECSS) Program (expired 9/30/2013); and IAT excess budget authority. The ECSS provides a coordinated system of screening, evaluation and referral services and treatment for children ages 0 to 5 and their families to promote healthy development and school readiness. This type of service delivery mostly shifted to human services districts/authorities and local providers in FY 14. Due to the complexity and scope of cases in the New Orleans area, a limited ECSS Program was maintained through a contract with Tulane during FY 14 for \$110,025. The remaining balance (\$189,975) is due to a reduction in projected revenue collections for services in FY 15.	\$0	-\$300,000	0

The Title 19 Medicaid IAT is excess budget authority in FY 15. In the past, the Office of Citizens with Developmental Disabilities used excess revenues from the state-operated support and service centers to fund activities in the Community-Based Program. These funds were referred to as "pool revenues" (over collections generated in Title 19 Medicaid IAT payments, SGR, and Federal funds).	\$0	-\$1,701,741	0

The CAFE worker portal will allow department staff to electronically process SNAP cases in parish field offices. In addition, the CAFE customer portal allows clients to create an online account, check the status of their application, complete online applications, reapplications, and submit re-determinations and renewals for continued support. Therefore, the number of SNAP recipients utilizing the call center is anticipated to decrease in FY 15.	-\$100,000	-\$200,000	0

Major Reductions in the FY 15 Budget Compared to the FY 14 Budget

<u>Sch. #</u>	<u>Dept.</u>	<u>Agency</u>	<u>Explanation</u>	<u>SGF</u>	<u>Total</u>	<u>T. O.</u>
19A - 671	Higher Education	Board of Regents	Reduction of 500 T.O. positions for higher education. This reduction in T.O. was based on a historical review of reports provided by the Department of Civil Service showing filled positions in higher education by month. The reports from Civil Service include only positions filled in the operating budget with unrestricted funds. The 500 positions eliminated were based on subtraction of the historical number of positions authorized in the T. O. for higher education from the number of historically filled positions in higher education per the Civil Service reports, while leaving enough positions to meet staffing needs. The reduction in positions does not include a corresponding reduction in appropriations because the positions are most likely unfunded.	\$0	\$0	-500

The Virtual School previously served as the state program to provide services via the web, e-mail and other on-line and off-line resources to public high school students throughout the state where instruction was otherwise unavailable due to a lack of funding or qualified instructors. 01 - 100	Executive	Executive Office	Eliminates SGR funding associated with a grant from the Wallace Foundation that expired on 6/30/2013. There will be no Wallace Grant funds available in FY 14. The Wallace Foundation is a philanthropic organization that seeks to improve the education and enrichment for disadvantaged children.	\$0	-\$2,419,382	0
01 - 107	Executive	Division of Administration	Non-recurs funding associated with the State Broadband Data & Development Grant, as originally funded by the American Recovery & Reinvestment Act (ARRA) of 2009. Federal budget authority for this 5-year grant is being reduced from \$2.3 M in FY 13 to \$800,000 in FY 14. The DOA was originally awarded \$6,649,679 and the majority of these grant funds was used for professional services including broadband service provider outreach, service and network data collection, data validation, geospatial mapping and web mapping allocation development.	\$0	-\$1,547,228	0
01 - 107	Executive	Division of Administration	The decreased IAT funding is excess budget authority associated with the implementation of a hosted Statewide Fraud Detection Solution software, which is a pilot project within the LA Workforce Commission's Unemployment Insurance and Workers Compensation programs. The original source of funds is Federal funds from the LA Workforce Commission. Approximately \$825,000 is budgeted in FY 14 for consulting services, personal services for 2 FTE positions and various operating services.	\$0	-\$175,000	0
01 - 107	Executive	Division of Administration	Reduces IAT budget authority from the Dept. of Environmental Quality's (DEQ) Environmental Trust Fund. These funds were originally appropriated to bring DEQ online with the LaGov System. The system went live for DEQ on 7/1/2013.	\$0	-\$500,000	0
01 - 107	Executive	Division of Administration	Non-recurs funding from the State Emergency Response Fund (SERF) for state cost share expenditures associated with Hurricane Isaac and Sinkhole (Assumption Parish). The remaining unexpended balance is approximately \$200,000.	\$0	-\$16,491,175	0
01 - 107	Executive	Division of Administration	Non-recurs federal Community Development Block Grant (CDBG) funds to support the LA4 Pre-K Program. The Division of Administration transferred (IAT) these funds to the DOE. These funds were federal disaster recovery funds the state received as a result of hurricanes Gustav/Ike.	\$0	-\$20,000,000	0
01 - 107	Executive	Division of Administration	Non-recurs federal funding in the Community Development Block Grant (CDBG) Program associated with the Alternative Housing Pilot Program (Katrina Cottages). This program ended in FY 13.	\$0	-\$1,770,085	0
01 - 107	Executive	Division of Administration	Non-recurs federal funding in the Community Development Block Grant (CDBG) Program associated with the Hazard Mitigation Program Grant. Thus, Federal funds for this program are being reduced from approximately \$270 M to \$228.7 M for FY 14. CDBG/DRU's Hazard Mitigation Program assists homeowners in coastal LA protect their homes from damage of future natural disasters by elevating homes and reconstructing safer structures.	\$0	-\$39,816,632	0
01 - 107	Executive	Division of Administration	Reduces excess federal budget authority in the Community Development Block Grant (CDBG) Program/ Disaster Recovery Unit (DRU). For the past 4 fiscal years, the actual federal expenditures have declined an average of approximately 30.1%. Thus, the FY 14 budget reduces the CDBG/DRU Program from \$1.55 B to \$1.092 B. Prior year actuals over the past 4 years for Federal funds are as follows: FY 12 - \$916.6 M; FY 11 - \$1.4 B; FY 10 - \$1.6 B; FY 09 - \$1.9 B; and FY 08 - \$4.5 B.	\$0	-\$434,481,471	0

Major Reductions in the FY 14 Budget Compared to the FY 13 Budget

<u>Sch. #</u>	<u>Dept.</u>	<u>Agency</u>	<u>Explanation</u>	<u>SGF</u>	<u>Total</u>	<u>T. O.</u>
01 - 107	Executive	Division of Administration	Reduces funding (\$3,881,908 SGF, \$5,640,394 IAT, \$327,299 SGR and \$1,102,860 Federal) associated with the back office consolidation within the DOA from various state agencies as the DOA will provide this service to 6 different state agencies. These consolidations include reducing 63 positions within various DOA sections (01-107) and transferring 140 positions from various agencies into the DOA. Even though the DOA has not provided any detailed information concerning this consolidation, based upon LFO analysis, it appears that of the 140 positions identified by the administration as transfers in the FY 14 budget, 63 will likely be eliminated through layoffs or through normal attrition (retirements). Position analysis by agency is as follows: Office of Group Benefits (71), Office of Risk Management (14), Office of Telecommunications Management (8), Office of Elderly Affairs (3), Office of Financial Institutions (2), Dept. of Revenue (39) and Community Development Block Grant (3).	-\$3,881,908	-\$10,952,461	-63
01 - 109	Executive	Coastal Protection & Restoration	Net reduction in funding due to a decrease in IAT (\$83,206,980) from the Department of Natural Resources and an increase in Federal funds (\$34,064,739). The funding provides for projects related to the Coastal Impact Assistance Program (CIPA) and Coastal Wetlands Planning & Protection Restoration Act (CWPPRA).	\$0	-\$49,142,241	0
01 - 111	Executive	Homeland Security & Emergency Prep	Decreases the remaining IAT funds from the Community Development Block Grant (CDBG)/Disaster Recovery Unit (DRU) for increasing the capacity of the LA Wireless Information Network (LWIN). The original source of IAT is federal disaster funds from hurricanes Gustav/Ike. GOHSEP applied for these funds in the fall of 2009 and was awarded \$17,099,040 in August 2010. The LA Wireless Information Network (LWIN) is now the largest statewide radio system in the country, providing daily voice communications to more than 67,000 users at the Federal, State, and local levels. Of these users, more than 70% are from local jurisdictions. The system is fully maintained by the State at a cost of approximately \$8 M per year (LA Interoperable Communications Fund).	\$0	-\$1,285,921	0
01 - 111	Executive	Homeland Security & Emergency Prep	Decreases the remaining operational costs of the LA Wireless Information Network (LWIN). The MOF impacted is the LA Interoperability Communications Fund. The Dept. of Public Safety (DPS) will provide all maintenance and expenditures associated with LWIN. The LA Interoperability Communications Fund is appropriated in GOHSEP's budget which allows the agency to utilize these resources as state match for federal grants. GOHSEP transfers (IAT) the statutorily dedicated resources to DPS in order to maintain the LWIN system.	\$0	-\$119,573	0
01 - 111	Executive	Homeland Security & Emergency Prep	Decreases funding for operating services expenditures due to the elimination of satellite radio communications support provided to 64 parishes. GOHSEP previously purchased 64 satellite radios (\$3,600/radio) and paid the monthly fee for 64 parishes. This SGF reduction of \$70,000 represents the annual amount paid by GOHSEP on behalf of the parishes for the monthly radio fee. If local entities would like satellite radio communications, the local government entity will be required to fund it themselves.	-\$70,000	-\$70,000	0
01 - 111	Executive	Homeland Security & Emergency Prep	Annualization of the FY 13 Deficit Reduction Plan, which reduces \$474,305 SGF, \$103,316 SGR, \$1,139,441 Statutory Dedications (LA Interoperability Communications Fund), and \$271,634 Federal; and reduces 14 TO positions and 4 non-TO FTE positions. Approximately \$717,766 total MOF of this \$2 M reduction is associated with the consolidation of the Interoperability & Operations Communications within GOHSEP and 24/7 Radio operations functions with Public Safety. Other reductions are associated with the elimination of contingency contracts with Dell, Sparkhound & Tigerbytes for IT maintenance, which provide IT network support when needed. These contingency contracts have been reduced and the Dept. of Public Safety will provide this function if necessary. In addition, DPS will now provide all maintenance responsibilities of the LWIN system.	-\$474,305	-\$1,988,696	-14

<u>Sch. #</u>	<u>Dept.</u>	<u>Agency</u>	<u>Explanation</u>	<u>SGF</u>	<u>Total</u>	<u>T. O.</u>
01 - 111	Executive	Homeland Security & Emergency Prep	Decreases the remaining IAT budget authority from the Community Development Block Grant (CDBG) /Disaster Recovery Unit (DRU) for the FEMA Pilot Reconstruction Program (Hazard Mitigation Grant Program). According to GOHSEP, this program function has been completed. The FEMA Pilot Reconstruction Program provided funding to eligible homeowners for expenditures related to demolition and reconstruction as a result of hurricanes Katrina and Rita. These grant funds reimbursed local government entities for payments made to the homeowner. Impacted individuals were allowed to receive up to \$150,000 in grant funding from GOHSEP's Hazard Mitigation Grant Program and another \$50,000 from these CDBG funds for the total maximum grant funds of \$200,000 for demolition and reconstruction.	\$0	-\$6,312,695	0
01 - 112	Executive	Military Department	Non-recurs IAT funding from the Governor's Office of Homeland Security & Emergency Preparedness (GOHSEP) and the Division of Administration (DOA) for one-time expenditures associated with Hurricane Isaac and sinkhole missions in Assumption Parish. The original source of the IAT funds is from the Federal Emergency Management Agency (FEMA) reimbursements via GOHSEP (\$12,883,500) and from the State Emergency Response Fund (SERF) via the DOA (\$4,355,101).	\$0	-\$17,238,614	0
01 - 112	Executive	Military Department	Decreases SGF due to the closure of 5 armories in Jennings, Oakdale, Winnfield, Franklin and Jonesville. These locations are being transferred back to the cities and/or parishes. The anticipated savings from armory closures are due to utilities, waste management and repairs.	-\$60,000	-\$60,000	0
01 - 112	Executive	Military Department	Decreases funding for death benefits in FY 14. The FY 13 budget originally appropriated \$1.25 M in death benefits. After this reduction, there will be \$250,000 SGF appropriated in FY 14 for death benefits. To the extent additional death benefits are needed, the department will likely have to request additional funds in FY 14.	-\$1,000,000	-\$1,000,000	0
01 - 124	Executive	LA Stadium & Exposition District	Reduces funding (\$240,000 - LSED License Plate Fund and \$4,622,447 IAT) associated with the new lease agreement with the Pelicans (effective 7/1/2012). The new agreement eliminated all exit options and attendance benchmarks and eliminated all ticket revenue shortfall payments. Thus, the Pelicans team entitlements for FY 14 have been reduced from approximately \$14.6 M in FY 13 to approximately \$10.2 M in FY 14. Of the \$10.2 M budgeted for FY 14, approximately \$2.9 M is team inducement payments. Under the old lease agreement, the Pelicans inducement payments were approximately \$8 M and subject to attendance benchmarks.	\$0	-\$4,862,447	0

09 - 306	Health & Hospitals	Medical Vendor Payments	Projected decrease in Title 19 Medicaid claims payments to certain providers associated with the delivery of lab and x-ray services and the provision of Durable Medical Equipment (DEM) and Supplies in the Medical Vendor Payments Program. This estimated reduction (\$2,165,753 SGF and \$3,681,312 Federal) is based on the provision of services being provided by a sole source provider for lab and x-ray, and a sole source provider for DME. Restricting the number or type of providers that could ordinarily be allowed to provide specific Medicaid services will require a 1915(b) waiver from the Centers for Medicare & Medicaid Services (CMS). DHH anticipates the waiver will be approved prior to FY 14. 09 - 340	Health & Hospitals	Office for Citizens w/ Developmental Disabilities	Net SGR funding increase of \$500,000 (\$1.2 M decrease in SGF and \$1.7 M increase in SGR) in the Community-Based Program for Early Steps. Act 417 of 2013 authorizes the Office for Citizens with Developmental Disabilities (OCDD) to implement a Family Cost Participation (FCP) for assessing a cost share (fees) to parents of children who receive Early Step services. Estimates for Family Cost Participation (FCP) are based on an average monthly participation of 4,237 children with distribution across income areas, excluding families below 250% federal poverty level. Participation charges will be based on a sliding fee scale depending upon income and family size. Medicaid eligible children will receive the services at no charge. During the budgetary process \$1.7 M in SGF was removed and a total of \$2.2 M (\$500,000 SGF and \$1.7 M SGR) was added in anticipation of the passage of HB 375 (Act 417). FCP provides a means to maintain services while shifting some of the cost to participating families so that SGF reductions will not result in additional people losing services. The 42 TCP positions being eliminated are the audit review panel (5 layoffs and 1 early retiree), graphic design (2 layoffs) and 34 additional early retirees who will not be replaced. Presumably, the functions of these positions will be spread over the remaining workforce. The ATC positions (15 or 21% of the ATC T.O.) are vacant field enforcement positions. After adjustments to deliverables for federal grant requirements, the number of anticipated compliance checks is expected to fall to 3,500 in FY 14 from actual checks of 8,735 in FY 12, but the number of inspections by ATC is expected to increase substantially allowing for a similar generation of SGR as fines. Additionally, since most SGR in ATC is related to permit fees, which are recurring, and the elimination of positions will decrease expenditures by about \$1 M, ATC anticipates transferring these savings for use in other areas of the state's budget on a recurring and possibly increasing basis.	\$0	-\$3,998,896	-57
12 - 440	Revenue	Office of Revenue	This decrease in SGR is the result of the closure of 7 regional and district offices of the Dept. of Revenue in Dallas, Houston, Lake Charles, Alexandria, Monroe, Shreveport and Lafayette. The New Orleans and Baton Rouge offices will remain open. Savings are generated by foregone rent and associated state building costs, maintenance fees, capital leases, and are attributed to the Tax Collection Program (\$833,212) and the Alcohol & Tobacco Control Program (\$11,453). Presumably, no layoffs will result from these closures as the staff will work from home in these areas. This model is in place with auditors in other areas of the country and has been successful. As the plan unfolds, there may be further consolidation of administrative functions resulting in the elimination of positions.	\$0	-\$844,665	0
12 - 440	Revenue	Office of Revenue	This reduction in SGR of \$1.5 M is the result of eliminating 11 of the agency's 17 non-T.O. positions. Two of the targeted positions are vacant and 9 are layoffs. These positions include a public information officer, 5 revenue tax analysts (1 vacant), 2 IT application programmers, 1 executive management officer in ATC, and 3 administrative positions (1 vacant). Presumably, the functions related to these positions will be spread over the remaining LDR workforce.	\$0	-\$1,520,559	0
12 - 440	Revenue	Office of Revenue	This reduction of SGR is related to general decreases across various expenditure categories. In the Tax Collection Program (\$3,052,485), the agency will identify various areas within its operations to fulfill the remainder of the reduction, including travel, operating services, professional services, other charges and IAT. The reduction also includes \$550,959 in the Charitable Gaming Program to non-recur software development in the video bingo audit software and mapper system, which is now in place and operating.	\$0	-\$3,603,444	0

19B - 655	Special Schools & Comm.	LA Special Education Center (LSEC)	SFC Amendment - Transfers \$361,674 in IAT and 10 T.O. positions from the Education Program to Department of Education (DOE), Special School Districts, Instruction Program. As a result of an audit report finding (April 25, 2012), the LSEC has been transitioning students 22 years of age or older out of the facility into the community. Although R.S. 17:1941 requires that DOE provide special education services for individuals up to age of 22, R.S. 17:1941 requires that DOE: however, in 1985, the legislature amended R.S. 17:348 to allow individuals to remain at LSEC until age 32. Beginning in 2012, LSEC has moved 22 students. Therefore, Title 19 Medicaid IAT funds are anticipated to decrease by \$361,674. In FY 14, LSEC anticipated having 12 vacant and unfunded positions. So, 10 T.O. positions were transitioned to Department of Education (DOE), Special School Districts, Instruction Program to help with their need for more positions. 20 - 451	Other Requirements	Local Housing of State Adult Offenders	Annualizes mid-year reductions resulting from the centralization of pre-classification functions. Pre-classification functions are currently performed by each of the Department's state-operated prison facilities. There is a current backlog of prisoners awaiting release and this centralization will allow DOC to develop a procedure to process these prisoners more expeditiously which will result in on-time and immediate releases from local facilities. Pre-classification screening is the standard operating procedure of evaluating and classifying of newly convicted offenders housed at local jail facilities for initial reception and diagnostic processing.	-\$2,000,000	-\$2,000,000	0

DOC will contribute \$1 less per day towards room and boarding expenditures for offenders housed at Transitional Work Programs and the offender's share will increase by a like amount. The state's share is \$12.25 for contracted programs, and \$16.39 for non-contracted programs currently. New per diem rates will be \$11.25 and \$15.39, respectively. 01 -107	Executive	Division of Administration	Reduces 13 positions and associated funding within the Disaster Recovery Unit and transfers these positions off-budget to the newly created LA Housing Corporation. Act 408 of the 2011 Regular Session created the LA Housing Corporation. The corporation is comprised of the former LA Housing Finance Agency, LA Land Trust, housing programs within the DOA - Disaster Recovery Unit, Rapid Re-Housing Program and Homelessness Prevention Program from the Department of Children & Family Services (DCFS).	\$0	-\$1,211,080	-13
01 -107	Executive	Division of Administration	The decreased IAT funding is excess budget authority associated with the implementation of a hosted Statewide Detection Solution software, which is a pilot project within the LA Workforce Commission's Unemployment Insurance and Workers Compensation programs. The original source of funds is Federal funds from the LA Workforce Commission. Reducing this funding by \$643,791 will leave approximately \$1 M in FY 13. The Division of Administration (DOA) anticipates utilizing the \$1 M on software licenses. The LA Workforce Commission is the pilot agency and at this point no additional agencies will be included in FY 13.	\$0	-\$643,791	0
01 -107	Executive	Division of Administration	Non-recurring Federal funds from the American Recovery & Reinvestment Act (ARRA) in the Community Development Block Grant (CDBG) Program. 01 -107	Executive	Division of Administration	Reduces excess federal budget authority in the Community Development Block Grant (CDBG) Program. Based upon the past 3 fiscal years federal actual expenditures, the CDBG Program has averaged approximately \$1.625 B expenditures (FY 11 - \$1.355 B, FY 10 - \$1.642 B, and FY 09 - \$1.877 B). In FY 13 budget there is approximately \$1.548 B in federal budget authority, which is approximately \$76.7 M less than the 3-year average federal expenditure.	\$0	-\$150,000,000	0
01 -109	Executive	Coastal Protection & Restoration	Decreases statutorily dedicated funding (\$56,044) from the Coastal Protection & Restoration Fund. 01 -111	Executive	Homeland Security & Emergency Prep	Annualization of FY 12 mid-year reductions, which was based upon 6 months of expenditures. The FY 12 Deficit Reduction Plan reduced \$203,500 SGF, which consists of reductions to salaries and related benefits (\$46,688), operating services (\$124,795), supplies (\$21,216) and travel (\$10,801). The position reductions will now be completely funded with 100% Federal funds from the Disaster Recovery Public Assistance and Hazard Mitigation grant programs. This annualized budget adjustment reduces travel and supplies, eliminates the emergency alert system, eliminates audio/web conference system, and eliminates IT Services contingency contracts. Prior to the elimination of the IT Services contingency contracts, GOHSEP had 2 IT contingency support contracts in place with Tigerbytes and Sparkhound to provide IT network support and sharepoint support (if needed). According to GOHSEP, due to the back office consolidation with DPS, all IT support issues of this agency will be addressed by DPS.	-\$355,171	-\$355,171	-2
01 -112	Executive	Military Department	Reduces SGF from the State Military Department (SMD) reserve emergency response funding. This will leave the agency with approximately \$90,000 to respond to emergency disasters in FY 13. The SMD was budgeted \$588,502 in FY 11 and \$593,502 in FY 12. These funds are used to cover initial emergency response payroll and supplies costs as well as the annual operating costs related to the Mobile Operations Command Center. The agency has been able to address smaller emergency missions with these funds without requesting additional budget from the state through State Emergency Response Funds (SERF) or SGF. This reduction may impact the ability of this agency to fund smaller emergency missions without being reimbursed through other funding sources.	-\$500,000	-\$500,000	0
01 -124	Executive	LA Stadium & Exposition District	Budget reduction reduces the amount of IAT budget authority within the LA Stadium & Exposition District (LSED) from \$11,974,692 to \$11,321,670. The original source of these funds is reallocated CDBG funds associated with hurricanes Katrina and Rita. According to OCD, there will be an action plan amendment submitted to the U.S. Department of Housing & Urban Development (HUD) for approval to allow OCD to reprogram approximately \$11.3 M from 2 hurricane recovery programs to the Local Government Infrastructure Program. The funds to be reallocated include: \$2.2 M from the Fisheries Assistance Program and \$4.5 M from the Soft Seconds Housing Program with the remaining \$4.6 M coming from resources currently allocated to the Local Government Infrastructure Program.	\$0	-\$653,022	0
01 -129	Executive	LA Commission on Law Enforcement	Non-recurring federal grants funding associated with the American Recovery & Reinvestment Act (ARRA) of 2009 as these grant funds expired in FY 12. Overall, the commission received the following ARRA funds from the U.S. Department of Justice: \$21,400,860 (Edward Byrne Memorial Justice Assistance Grant); \$2,132,194 (Violence Against Woman Act); and \$1,025,894 (Victims of Crime Act). Overall, these federal stimulus funds were intended to assist state, local and tribal law enforcement (including support for hiring and job preservation) to combat violence against women, to fight internet crimes against children, to improve the functioning of the criminal justice system, and support youth mentoring. 05 -252	Economic Development	Business Development	This reduction eliminates funding for marketing initiatives as stated in R.S. 47:318 subject to appropriation (Marketing Education Retail Alliance (MERA) \$675,563; District 2 Enhancement Corporation \$250,000 and; LA Council for Economic Education (LCEE) \$74,437). MERA promotes retail marketing through high school programs linking students with the national DECA marketing organization. District 2 educates and trains students and young adults in the fashion industry. LCEE facilitates economic education activities through coordination with 8 university-level Centers for Economic Education. This funding originates as the first \$2 M collected in sales tax remittances which are dedicated to economic development as a companion to a decrease in vendor compensation payments. However, in FY 12, the funding eliminated for these initiatives was passed by the legislature but restored by governor's veto. The cuts were restored using SGF since the Marketing Fund dollars were spent elsewhere, which is why this reduction is SGF. Typically, this appropriation would have been financed through the Marketing Fund.	-\$1,000,000	-\$1,000,000	0
05 -252	Economic Development	Business Development	This adjustment in Statutory Dedications from the LED Fund reduces funding for the Wet Labs in Baton Rouge, New Orleans and Shreveport. With this reduction, funding for Baton Rouge is \$168,603 (reduction of \$78,097), New Orleans is \$986,625 (reduction of \$401,000), and Shreveport is \$360,674 (reduction of \$77,646) for a total of 1,515,902 for FY 13. 09 -306	Health & Hospitals	Medical Vendor Payments	Eliminates federal funding for the Primary Care Access Stabilization Grant (PCASG). Originally, the grant was for 3 years but in October 2010 CMS extended the grant until March 2012. PCASG is a \$100 M grant program designed to meet the increasing demand for healthcare services in the 4-parish Greater New Orleans area (Jefferson, Orleans, Plaquemines and St. Bernard parishes), provide high quality primary and behavioral health care at the community level, and decrease reliance on emergency rooms for conditions more appropriately treated in an outpatient setting. Twenty-five public and private non-profit organizations were eligible for funding through the grant, including primary healthcare, mental health treatment and counseling, HIV/AIDS treatment and counseling, and substance abuse treatment providers. History: The federal DSH audit rule under CMS rules, resulted in a reduction in overall DSH allowable costs to both public and private hospitals and other facility providers. In addition to requiring state Medicaid programs to audit and report relative to DSH payments effective 1/19/2009, the rule defines allowable costs more restrictively. The net result was a reduction in allowable or reimbursable expenditures to certain providers.

The first offering of debit cards for income tax refunds occurred with the FY 11 filings which were relevant to the FY 12 budget. The FY 13 budget includes savings of \$315,000 due to implementation of the debit card refund payment option. However, Act 818 of 2012 directs all payment formats for refunds to be offered as an option, whether filing online or manually. This means those filing online for FY 12 may opt for paper checks (additional cost) and those filing manually may now choose direct deposit (additional savings) or paper check (additional cost). It is not certain how the taxpayers will decide to obtain refunds and, until the offsetting impacts are determined, it is not clear whether savings or costs will result, especially savings in the amount specified in the FY 13 budget, given implementation costs of an estimated \$250,000.	\$0	-\$315,000	0

01 -107	Executive	Division of Administration	During the FY 10 budget development process, \$354,048,265 in Federal funds was appropriated to the Division of Administration (DOA). These funds are associated with the American Recovery & Reinvestment Act (ARRA) of 2009. The policy decision was made to have the State Fiscal Stabilization Funds for Government Services and Education Services flow through the DOA. Due to these funds expiring in FY 11, this adjustment non-recurs the federal budget authority. The total grant award for the <u>government services portion</u> was \$128,955,784 of which \$64.5 M was appropriated in FY 11. The agencies with these funds in their FY 11 budgets include: Lt. Governor (\$1.2 M); Secretary of State (\$21.7 M); State Treasury (\$0.5 M); Justice (\$6.2 M); Agriculture & Forestry (\$12.9 M); and Culture, Recreation & Tourism (\$21.8 M). The total grant award for the <u>educational services portion</u> was \$579,592,482 of which \$290 M was appropriated in FY 11. The agencies with these funds in their FY 11 budgets include: LSU System (\$133.1 M); University of LA System (\$95.3 M); Southern University System (\$18.7 M); and LA Community & Technical College System (\$42.5 M).	\$0	-\$354,048,265	0
01 -107	Executive	Division of Administration	Non-recurring one-time funding associated with the new statewide financial system, LaGov. The original source of the IAT is Transportation Trust Fund (TTF-R) from DOTD for one-time costs associated with bringing DOTD online (effective 11/15/2010). Due to budget constraints in FY 11 and due to the risk inherent in a statewide rollout, the Division of Administration (DOA) chose to "pilot" the implementation of the new system for DOTD only. DOTD expended approximately \$7.8 M TTF-R in FY 11 for: Agile Assets Software License - \$2.57 M; Agile Assets Software Maintenance - \$1.6 M; Agile Assets Hosting - \$0.5 M; DOTD Project Personnel - \$9,422; and Implementation Services - \$3.1 M. Of the \$7.8 M appropriated in FY 11, approximately \$4 M of expenditures had already been paid by the DOA from previous fiscal years. However, due to the Agile Assets portion of ERP integration only being utilized by DOTD, the DOA sought to recoup these costs in FY 11. For FY 12, there is \$1,231,497 of IAT authority (original source TTF-R) remaining within the DOA's budget, which will provide ongoing maintenance of the existing Agile Assets system in the amount of \$0.7 M and post implementation professional services in the amount of \$0.5 M.	\$0	-\$6,574,523	0

As of June 30th, approximately \$254 M has been spent on this project. An amendment added \$60 M from the Oil Spill Contingency Fund for FY 12. 01 -111	Executive	Homeland Security & Emergency Prep	Reduces one-time IAT funding from the Disaster Recovery Unit, which designated GOHSEP to administer funding for the Interoperable Communications Program. These funds are approved by HUD from LA's amendment #4 to the Disaster Recovery Action Plan for hurricanes Gustav and Ike under P.L. 110-329. GOHSEP applied for these funds in the fall 2009 and was awarded \$17,099,040 in August 2010. A JLCB approved BA-7 in fall 2010 appropriated \$13,686,634 in FY 11, while the remaining \$3,412,406 will be appropriated in FY 12, which is accounted for within this adjustment (\$13,686,634 - \$3,412,406 = \$10,274,228). The \$3.4 M second phase of this expansion will identify sites that are capable of supporting microwave hardware that will allow sites that lose connectivity to the LWIN network to remain in the network by providing an additional or redundant path to the network. Tower analysis will be needed in order to determine which towers can support additional hardware such as a microwave dish and supporting brackets. Those towers that can support this additional hardware and are critical to emergency responders will be selected for this upgrade. Towers that cannot support this hardware will have satellite equipment added. This work will be performed primarily in high-risk areas of the state located in coastal parishes. The second phase of this project will be completed in FY 12. Overall, these funds will be utilized to continue to implement the LA Wireless Information Network (LWIN) which began in 2005 after hurricanes Katrina and Rita and is used primarily by first responders statewide. The LWIN is currently composed of 102 active sites across the state with 18 sites in various stages of deployment for a total of 120 sites.	\$0	-\$10,274,228	0

GOSHEP will not purchase any replacement meals ready to eat (MREs) or bottled water for storage in FY 12. In FY 11, approximately \$0.8 M (\$0.4 M SGF) was appropriated to replacement supplies. 04g-165	Insurance	Commissioner of Insurance	Non-recurring Federal funds budget authority received from the U.S. Department of Health & Human Services (HHS). LA was granted \$1 M of which \$646,146 was appropriated via approved BA-7 in FY 11 and \$353,854 is recommended for FY 12. This reduction in authority essentially keeps \$353,854 of authority in FY 12. These funds are associated with the Affordable Care Act, which consists of the Patient Protection & Affordable Care Act of 2010 and the Health Care & Education Reconciliation Act of 2010, signed by the President on 3/23/2010. No state match is required for these federal grant funds. Provisions within the legislation provide for the HHS, in conjunction with the States, to establish a process for the annual review of health insurance premiums to protect consumers from unreasonable, unjustified and/or excessive rate increases. Specific components of this oversight include: 1) all increases in health insurance rates over the prior year that meet the established unreasonable threshold; and 2) justifications for unreasonable increases in rates prior to their implementation. According to HHS, Congress appropriated \$250 M for this grant program for FFYs 10 - 14. All states are eligible in cycle I awards for up to \$1 M.	\$0	-\$292,292	0

09 -	Health & Hospitals		Non-recurring IAT funding from the Office of Behavioral Health (OBH) to the human service districts as a result of the Deep Water Horizon Oil Spill for outreach and crisis services through LaSpirit outreach teams. The source of the funding is SGR from a contribution by BP. The teams were comprised of a team leader, master-prepared crisis counselors, outreach workers from the communities they serve, a community cultural liaison, stress managers, and administrative support staff. The teams provided crisis counseling services to the general population with staff skilled in behavioral health screening/assessment, suicide prevention, counseling for trauma exposure/re-exposure and referral skills. Allocation of funds by district is as follows: JPHSA (09-300) \$698,854 FPHSA (09-301) \$200,000 MHSD (09-304) \$2,584,362 SCLHSA (09-309) \$930,213 Total \$4,413,429	\$0	-\$4,413,429	0
09 -	Health & Hospitals		Savings in SGF projected to be cost avoided in FY 12 as a result of the Low Income Needy Care Collaboration Agreement (LINCCA). Through LINCCA, various private hospitals will provide charity care to low income and needy LA patients at the location that these patients currently receive care. To accomplish this, the providers will set up a nonprofit corporation (LA Clinical Services) that will enter into contracts with individual physicians/providers to provide the same level of care as provided under the previous contract with the districts. Although there is no obligation, the State will make supplemental Medicaid (UPL) payments to the private hospitals. This savings for each human services district is as follows: JPHSA (09-300) \$300,000 FPHSA (09-301) \$69,778 CAHSD (09-302) \$467,917 MHSD (09-304) \$997,470 SCLHSA (09-309) \$301,893 Total \$2,137,058	-\$2,137,058	-\$2,137,058	0

The reduction in contractual services include contracts with the LSU hospitals for ER holding beds and reductions in OCDD Family Support Services contracts. The contract for ER holding beds allows LSU to increase staff and bed capacity for behavioral health indigent patients at the ER, and in turn, the hospital contacts FPHSA to communicate with the patient and provide assessments and other wraparound services. 09 -306	Health & Hospitals	Medical Vendor Payments	Annualizes the savings in the Medicaid Private Providers Program to reflect the projected fiscal impact for monthly prescription limits for Medicaid recipients. The Department of Health & Hospitals issued an emergency rule changing the reimbursable script limit for certain Medicaid recipients from 5 to 4 per month. Effective 2/1/2011, DHH will pay for a maximum of 4 prescriptions per calendar month, with the following recipient groups being exempt: 1) persons under 21 years of age; 2) persons who are residents of long term care institutions; and 3) pregnant women. The rule indicates that the limit can be exceeded when the prescriber determines a prescription over the limit is “medically necessary” (physician override), and indicates this need to the pharmacist. This projected decrease in Medicaid claims payments is based on the following assumptions and calculations: \$1,240,000 Estimated variance in expenditures per month as a result of prescription limit from 5 to 4 \$992,000 Estimated that approximately 80% of claims will result in a physician override \$248,000 Estimated monthly annual savings \$2,976,000 Monthly savings annualized for FY 12 (12 months of savings)	-\$912,442	-\$2,976,000	0

19E-610	LSU Health Care Services Division	LSU HSC-HCSD	Reduction in IAT base budget. The funds will be reduced from the E. A. Conway (EAC) UPL payments to the HCSD hospitals. Reduction was necessitated by imbalanced LINCCA savings distribution in FY 12 Executive Budget. Instead of adjusting LINCCA savings, this adjustment reduces HCSD's EAC UPL payments from \$46,922,848 to \$42,325,717 and allows the \$4.6 M to be redistributed among LSU-Shreveport (LSU-S), Huey P. Long (HPL), and EAC. LSU-S had no eliminated contracts as per the LINCCA plan and did not realize any savings, and HPL and EAC's budgets needed to be adjusted according to actual savings resulting from LINCCA, so the \$4.6 M was returned to their budgets.	\$0	-\$4,597,131	0

According to the Executive Office, this program has a broadened scope which will allow it to apply for additional federal dollars.</p> <p>A total of \$198,000 in SGF was allocated from existing funds within the Executive Office budget in FY 10 to fund the personnel costs of this program. The same personnel who administered the Abstinence Program will administer the LA Youth For Excellence Program. The original appropriation was made during the November 2008 Joint Legislative Committee on the Budget through a BA-7. 05 -251	Economic Development	Office of Secretary	This reduction from the LA Economic Development Fund reduces other charges within the competitive benchmarking activities. However, in FY 10, the Rapid Response Fund was appropriated a total of \$28.2 M. Thus, the appropriation to the Rapid Response Fund was reduced by \$13.2 M from FY 10 to FY 11. Major Reductions in the FY 11 Budget Compared to the FY 10 Budget

<u>Sch. #</u>	<u>Dept.</u>	<u>Agency</u>	<u>Explanation</u>	<u>SGF</u>	<u>Total</u>	<u>T. O.</u>
07 -	Transportation & Development	Department Wide	Directs the Commissioner of Administration to reduce discretionary SGF expenditures to generate a specified savings. The following reduction in positions were originally frozen in accordance with Executive Order BJ 2009-11. <u>Administration Agency (07-273)</u> - The FY 11 budget eliminates 11 frozen vacant positions in the Office of the Secretary. <u>Public Works & Intermodal Transportation Agency (07-275)</u> - DOTD froze 3 positions and moved \$250,000 (\$200,000 - salary, \$50,000 - related benefits) into unallotted. The programmatic breakdown of these position reductions is: Water Resources - 3. <u>Engineering & Operations Agency (07-276)</u> - (\$550,000 SGR, \$993,843 Statutory Dedications) - DOTD froze 22 positions and moved \$1.2 M into unallotted. The programmatic breakdown of these position reductions is: Engineering (3); CCCD (2); Planning & Programming (1); and Operations (16).	\$0	-\$1,793,843	-36
07 -	Transportation & Development		In accordance with the Streamlining Government Commission's Recommendation #138, the FY 11 budget eliminates DOTD's airplane and photogrammetric services activity. Such a reduction will result in the decrease of TTF-Regular appropriations in the amount of \$292,000 and 3 positions. Below is an agency breakdown of the reduction: 07-275 - operating services (\$86,623) and personal services expenditures associated with the pilot (\$96,086); and 07-276 - personal services expenditures associated with 2 engineering tech positions (\$109,291).	\$0	-\$292,000	-3

07 -275	Transportation & Development	Public Works & Intermodal Transportation	Reduction of excess federal budget authority within the Public Transportation Program. This specific federal budget authority is not needed in FY 11.	\$0	-\$6,515,881	0
07 -275	Transportation & Development	Public Works & Intermodal Transportation	Reduction of all one-time special legislative projects appropriated in the FY 10 budget. Those projects include: South Beauregard Water System (\$23,255); East Central Vernon Water System (\$23,255); Beauregard District #2, Ward #5 Water System (\$23,255); Red River Levee & Drainage District (\$100,000); and North Bossier Levee District (\$100,000).	-\$269,765	-\$269,765	0
07 -276	Transportation & Development	Engineering	Pursuant to Streamlining Commission Recommendation #139, this adjustment eliminates the Melville Ferry by reducing \$213,039 of TTF-Regular funds. According to DOTD the total projected FY 11 operating costs (personal services, operating services, other charges, etc.) are anticipated to be approximately \$518,532. However, the amount reduced was \$213,039. According to the Division of Administration (DOA), DOTD anticipates the need of 6 months of operational funding before actually closing the ferry. This ferry currently has 7 positions that will transition to other ferry activities within the department. DOTD is currently developing a transition plan. Thus, no date for termination of service has officially been set. However, only 6 months of funding (\$305,494) has been provided in FY 11 for operational costs associated with the Melville Ferry. Once service is terminated, DOTD will follow all LA Property Assistance Administration (LPAA) guidelines in reference to potentially selling this ferry, which is a push boat and barge. Historically, this ferry site has a ridership of approximately 4,500 vehicles annually. The approximate cost to operate this ferry per vehicle is \$153.07 (total operating costs/number of vehicles who use the service).	\$0	-\$213,039	0

Major Reductions in the FY 11 Budget Compared to the FY 10 Budget

<u>Sch. #</u>	<u>Dept.</u>	<u>Agency</u>	<u>Explanation</u>	<u>SGF</u>	<u>Total</u>	<u>T. O.</u>
07 -276	Transportation & Development	Engineering	Included within the FY 10 budget is \$500,000 from the Transportation Trust Fund (TTF) - Timed Account for administrative operations incurred by the department (4-cent tax). However, due to the projected shortfall within the TIMED Program, this funding has been non-recurred for FY 11. <u>The 4-cent gas tax collected for the TIMED Program will not be sufficient to cover future debt service payments of the 14 completed and current constructed projects.</u> Every cent of gas tax equates to approximately \$30 M of revenue. Based upon the latest debt service payment schedule, the FY 11 total debt service payment for all debt payments is \$148.1 M, while the latest adopted revenue forecast for TTF-TIMED revenue projection for FY 10 is \$116.4 M. <u>Approx. \$34.2 M of TTF-Regular (16-cent gas tax) will be utilized to pay the remainder. Since 1 cent generates approximately \$30 M, the \$34.2 M represents a little over 1 cent of gas tax collections that will be utilized for TIMED Program debt service payments.</u> A portion of the 16-cent gas tax will ultimately be necessary in future years to fund these payments. Based upon estimates by DOTD, approximately 3.5 cents of 16-cent gasoline tax will be utilized to pay TIMED debt by 2045, which equates to \$103.7 M, or approximately 13% to 15% of total 16-cent tax receipts in FY 2045. This will impact DOTD's federal match abilities and its operating budget. DOTD is utilizing \$2.5 M of the 16-cent gasoline tax collections to pay FY 10 TIMED debt service. Currently, the total projected TIMED Program costs are \$5.24 B (includes LA 3241, Florida Avenue Bridge), while upon the completion of the bond sale in the Fall of 2010, total revenues for the program will be \$4.65 B. DOTD is in the process of determining the best financing mechanism for completing the final 2 constitutionally required road/bridge projects.	\$0	-\$500,000	0

13 -850	Environmental Quality	Office of Secretary	Personnel reductions (vacant positions). DEQ is reducing its T.O. department-wide by 86 positions from its currently authorized 933 positions. DEQ used the Executive Order Freeze, BJ 2009-11, to create vacant positions for a forced attrition to meet its T.O. as appropriated in HB 1, without having to actively layoff personnel. The expenditure reduction adjustments to eliminate these 86 positions total \$6.3 M. Another \$1.8 M department-wide was reduced through attrition. As of 5/25/2010 80 positions were vacant. DEQ eliminated the Office of Environmental Assessment, eliminated 35 of its positions and moved 208 out of 243 positions into the Office of Environmental Compliance (100 positions at \$17.1 M, which includes 3 positions and remaining funding, \$2.96 M, for laboratory services traditionally already outsourced), Office of Environmental Services (105 positions at \$17.4 M), and Office of Secretary (3 positions: 1 moved to legal services, and 2 executive positions). The Office of Secretary also eliminated 11 positions and receive 2 executive positions from each of the other remaining 3 offices. The Offices of Environmental Compliance and Environmental Services each eliminated 14 positions and the Office of Management & Finance eliminated 12 positions. DEQ estimated the current personnel adjustments and their allocation between offices/programs in DEQ during budget preparation in Fall 2009. DEQ indicated that BA-7's subsequent to appropriation are likely necessary to properly align the department's reduced personnel with the general reorganization that DEQ is undergoing.	\$0	-\$917,624	-11

13 -853	Environmental Quality	Environmental Assessment	A reduction in rent in State-owned buildings. DEQ's rent for its laboratory of \$1.5 M is eliminated due to its outsourcing of lab services. Lab services to analyze water/soil samples were already outsourced to 2 private labs as of 6/1/2009 at an aggregate contract cost of \$543,000 (These contracts are a combined average of \$566,290 per year over the next 2 fiscal years). The remaining lab services which were undertaken in-house will also now be outsourced: Air samples analysis at \$900,000 per year (more or less depending on the number of samples analyzed), Radiological at \$50,500, and another water samples analysis contract at \$35,000 per year. DEQ moved \$1.3 M from supplies and operating services no longer needed for operation of the lab into professional services to fund the outsourced lab analysis contracts. Including the administrator position at \$142,500 salary and related benefits, 18 vacant lab positions are eliminated at a cost savings of approximately \$1.2 M per year (persons holding these positions were placed in other available positions within the department). These positions were included in the positions in DEQ frozen by the Executive Order Freeze, BJ 2009-11, and are included in the 86 positions reduced by DEQ to meet their FY 11 appropriated TO.	\$0	-\$1,528,184	0

14 -474	Workforce Commission	Workforce Support & Training	Reduces funding for the Incumbent Worker Training Program, which is indexed to the Unemployment Trust Fund. By federal law, if the Unemployment Trust Fund balance falls below certain thresholds, the state is limited in the funding it can provide to the Incumbent Worker Training Program. This reduction is based on the current forecast of the Unemployment Trust Fund. The program is funded through the Incumbent Worker Training Account, which is a social charge account within the Employment Security Administration Fund. Total funding for the Incumbent Worker Training Program in FY 10 was \$45,207,686 and is \$26,476,473 for FY 11 (the program also incurred statewide reductions of \$459,255).	\$0	-\$18,271,958	0

Major Reductions in the FY 10 Budget Compared to the FY 09 Budget

04f -160	Agriculture & Forestry	Agriculture & Forestry	Non-recurring federal funding from a FY 09 approved JLCB BA-7 (\$1,943,468) and non-recurring excess federal budget authority from an Office of Statewide Reporting & Accounting Policy (OSRAP) rejected carryforward BA-7 (\$1,943,468) for a total reduction of \$3.9M. The department originally submitted \$1.9M as an in-house carry forward BA-7 in August 2008 to be approved by the DOA. Once approved by the commissioner, OSRAP would not approve the necessary entries in the state's financial system because the department did not have sufficient federal budget authority to carry forward into FY 09. Thus, this BA-7 was rejected by OSRAP after the department encumbered expenditures associated with the initially approved carry forward BA-7. According to OSRAP, the department only had \$850,070 of actual FY 08 federal authority in the financial system to carry forward into FY 09. In FY 08, the department had approximately \$18.7M of federal budget authority. According to the department's FY 10 budget request, the department expended \$17,860,247 in federal funds in FY 08. Of the \$17.9M, \$2.5M was a federal means of financing treasury seed approved by the commissioner and the State Treasury in June 2008 to alleviate the cash flow problems within the department's operating budget. The seed rolled forward into FY 09 and the department repaid the seed through various fund balances from various statutory dedicated funds in FY 09. <u>Due to the department not submitting the necessary BA-7 to reduce the rejected federal budget authority, this adjustment represents a reduction of an approved JLCB BA-7 (November 2009) and the reduction of excess authority that should have been reduced via an in-house BA-7.</u>	\$0	-\$3,886,936	0

04f -160	Agriculture & Forestry	Agriculture & Forestry	Reduces acquisitions expenditure authority in the amount of \$1.2M. Approximately \$196,289 (\$181,771 SGR and \$14,518 Federal) is allocated in FY 10 for acquisitions and major repairs and \$1.4M was budgeted in FY 09. DOA non-recurred approximately \$1.3M in FY 09 acquisitions and major repairs and only recommended \$196,289 for FY 10. The 3-year historical acquisitions and major repairs actual expenditures department-wide is approximately \$0.8M. The past 3 fiscal years of actual acquisitions expenditures are: FY 08 - \$1,774,757, FY 07 - \$245,833, and FY 06 - \$515,666. The department is planning to purchase the following acquisitions in FY 10: \$35,397 for office equipment, \$13,431 for lab equipment, and \$147,461 for vehicles. In its FY 10 budget request, the department requested approximately \$12.9M acquisitions and major repairs funding. The Department of Agriculture & Forestry's Boll Weevil Eradication Program utilizes the Boll Weevil Eradication Fund to fund its yearly expenditures. Per R.S. 3:1615, this fund collects assessments based upon the number of acres of cotton planted in an eradication zone. According to the agency, there are various reasons as to why a shortfall exists. Those reasons include: 1) Overall reduction in cotton acreage from 300,000 to 240,000 causing revenues from the \$6 per assessment per acre to decrease from \$1.8M to \$1.3M. These revenue collections are deposited in the Boll Weevil Eradication Fund. 2) In the locations where corn and soybeans were planted in place of cotton, the boll weevil population remains, and will require spraying in 2010 (crop rotation). 08B-419	Public Safety	State Police	Reduces the amount of LEAF payments for the helicopters purchased in FY 04 and LEAF payment reductions for vehicles purchased in previous fiscal years. <u>Helicopters</u> - The total cost of the 2 helicopters purchased in FY 04 was approximately \$4.6M. The department financed these helicopters through the DOA LEAF Program for 5 years. For the past 4 fiscal years, the annual payment has been approximately \$1.9M per year. Due to the amount needed in FY 10 being only \$0.9M, excess expenditure authority in the amount of \$1M from the Riverboat Gaming Enforcement Fund has been reduced in FY 10. <u>Vehicles</u> - FY 09 budget authority for LEAF payments for vehicle purchases is approximately \$8.1M to pay for vehicles purchased in FY 07, FY 08 and FY 09. The replacement vehicles purchased through financing by fiscal year are as follows: FY 07 - 420, FY 08 - 482, and FY 09 - 148. The \$1.5M funded from the Overcollections Fund was the state match required for this grant. This grant, awarded to State Police in September 2007, provided for the purchase and installation of communications equipment for the 700 MHz statewide interoperable communication system. The majority of these reductions occurred as a result of the DOA's policy of non-recurring carryforward BA-7s and non-recurring acquisitions as they are considered one-time expenditures. The total amount of acquisitions added for FY 10 is \$1,544,611 (\$609,261 SGR and \$935,350 Riverboat Gaming Enforcement Fund). Thus, the aggregate amount of acquisitions currently recommended for FY 10 is \$822,717. The 3-year average actual acquisitions expenditure equates to approximately \$6.2M and for FY 10 State Police has approximately \$5.4M less than the 3-year historical average of actual acquisitions expenditures, or \$822,717. <u>However, approximately 30% of the \$12.4M acquisitions reduction, or \$3.7M, is from the 50-man cadet class appropriated during FY 09 budget development process. This budget reduction will require JPHSA to eliminate 8 vacant clinical social worker positions that provided school-based services under STEP. To achieve these savings JPHSA's pharmacy will reduce the type and quantity of medications provided to clients. Lexapro and Cymbalta (antidepressants) will be removed from the formulary (eliminates prescriptions for 300 clients). Neurontin, Topomax and Depakote ER (mood stabilizers) will be reduced or removed from the formulary and will reduce or eliminate prescriptions for 150 clients. JPHSA will require an indication of Bipolar Disorder, Schizophrenia, or Schizoaffective Disorder for Seroquel and Abilify, which are antipsychotic medications (eliminates prescriptions for 700 clients). This will not narrow the eligibility of clients but it will narrow the treatment options available to these individuals.	-\$232,376	-\$232,376	0
09 -300	Health & Hospitals	Jefferson Parish Human Services Authority	Reduction in funding associated with 9 support personnel positions in the Other Charges. These positions include the following: 8 administrative coordinators and one information technology position. These staff work in JPHSA clinics answering phone calls, registering clients, scheduling appointments, managing clinical records, data input, and other general administrative duties. This staffing reduction will likely result in professional clinical staff doing more clerical and administrative functions reducing their time for direct patient care. There is no way to estimate in advance how many hours clinical staff might spend on such clerical functions due to this reduction in administrative staff. Loss of the Information Technology Office Staff Assistant will delay JPHSA's efforts to implement an electronic health record. The total current year budget for this program is \$9,470,336 (\$7,910,336 Federal; \$1,560,000 State). The Maternal Child Health Services program provides services to pregnant women, infants, and children. The following contracts for this program will be reduced: LSU Dental (\$165,718); LSU Dr. Works (\$90,000); LSU Family Medicine (\$60,000); LSU Medical Center (\$259,121); and LSU Shreveport (\$25,161). This reduction will impact approximately 650 women by reducing the number of prenatal visits by 2,200.	-\$600,000	-\$600,000	0
09 -326	Health & Hospitals	Public Health	Reduces funding for Tuberculosis (TB) lab testing services. The total current year budget for this program is \$6,575,321 (1,388,157 Federal and \$5,187,164 State). The Tuberculosis Control Program provides diagnostic, treatment, and prevention services through regional tuberculosis medical clinics and parish health units. Before Hurricane Katrina, TB testing services were performed by the OPH Lab. Post Hurricane the TB testing services were contracted with a Texas laboratory because the OPH lab was not operational. The OPH lab is now operational and will be able to start performing TB testing services in FY 10.	-\$400,000	-\$400,000	0
09 -326	Health & Hospitals	Public Health	Reduces funding for the Children's Special Health Services Program. The total current year budget for this program is \$9.352M (\$4.344M Federal; \$750,000 IAT; \$200,000 SGR; \$3.258M SGF Match; and \$800,000 SGF Supplement). The OPH policy for Children's Special Health Services (CSHS) changed to reduce pharmacy expenditures in cystic fibrosis patients who are over 21 years of age. These patients are now responsible for purchasing many of their medications that were previously covered by CSHS. However, many of them have been placed on Medicaid plans that provide more comprehensive coverage than they previously had.	-\$500,000	-\$500,000	0
09 -326	Health & Hospitals	Public Health	Reduces funding for Hemophilia services of outreach, home patients visits. The total current year budget for this program is \$975,000 SGF. OPH contracts with the LA Comprehensive Hemophilia Center at Tulane Medical School (Hemophilia Center) to provide medical examinations and consultations, patient education, and specialized nursing services with individuals affected with coagulation disorders in LA. OPH also covers the cost of care and blood clotting factor to hemophilia patients incarcerated in state and parish facilities. This is due to the fact that persons with hemophilia, if incarcerated, lose all benefits of third party payment while incarcerated, if they have those benefits (i.e. health insurance, including Medicare and Medicaid). OPH is the only state governmental agency funded to provide this aspect of their care. This reduction will reduce professional contracts for consultations and counseling sessions, which will impact the quality of care patients with blood clotting disorders receive. These reductions can lead to an increase in the number of patients who are mismanaging their condition and thus place the health of these individuals in jeopardy. The Appropriation Bill restored the reduction to services and reduced the administration costs.	-\$200,000	-\$200,000	0

04f - 160	Agriculture & Forestry	Office of Agriculture & Forestry	Reduction within the Boll Weevil Eradication Fund to reflect FY 09 projected revenue collections, which are projected to be approximately \$1.8M in FY 09. The Boll Weevil Eradication Fund is utilized to fund the Boll Weevil Eradication Program, which will cost approximately \$7.2M in FY 09. There are various reasons as to why there will be a decrease in Boll Weevil Eradication Fund collections. 1.) Overall reduction in cotton acreage from 650,000 to 300,000 is causing revenues from the \$6 per assessment per acre to decrease from \$3.9M to \$1.8M, 2.) USDA Grant providing funding in the amount of \$1.2M will be completely expended in Fall 2008, 3.) In locations where corn and soybeans were planted in place of cotton, the boll weevil population increased in the existing cotton plants, which will require additional spraying in 2009. Included within Act 19 (HB 1) of 2008 is a projected \$5.4M shortfall in the Boll Weevil Eradication Program for FY 09 that has not been supplemented with SGF or another means of financing within Act 19. Act 511 (HB 1116) of 2008 is a supplemental appropriation that provides \$2M for the Department to address Boll Weevil Program needs in FY 08. The Division of Administration (DOA) is recommending the Department refinance its existing debt structure, which is currently paid with \$12M from racetrack slots, to free up additional monies to fund the projected FY 09 shortfall within the Boll Weevil Program. The Department disagrees with this recommendation. To the extent the Department does not borrow any more funding, all debt shall be paid by FY 18. <u>Included within Act 511 (HB 1287) of 2008 is \$5.4M of SGF for the Boll Weevil shortfall in FY 09. These FY 08 monies will be carried forward into FY 09 in August 2008 to alleviate the \$5.4M shortfall in FY 09. 04g - 165	Insurance	Commissioner of Insurance	<p>This adjustment represents the Discretionary Reduction Plan submitted to the House Appropriations, Subcommittee on Business Development. This reduction will impact the following expenditure categories: travel - \$31,709, supplies - \$16,589, professional services - \$97,225, other charges - \$4,500, acquisitions - \$38,980. Ordinarily the Department of Insurance (DOI) reverts to the SGF approximately \$5M to \$9M of excess SGR collections at the end each fiscal year. Reversions are those fee collections in excess of expenditures and encumbrances. Rain entered and soaked a portion of the building interior and damaged parts of the collection. This appropriation covered the relocation, storage, stabilization, and return of the documents and artifacts to the Old US Mint Building. Major Reductions In FY 08 Compared To FY 07 Budget

<u>SCHEDULE:</u>	<u>DEPARTMENT:</u>	<u>AGENCY:</u>	<u>EXPLANATION:</u>	<u>SGF</u>	<u>TOTAL</u>	<u>T. O.</u>
08B - 419	Public Safety	Office of State Police	During the 2006 Regular Legislative Session, an amendment for \$1.3 million Statutory Dedication-Riverboat Gaming Fund was added to State Police's budget in order for State Police to IAT funds to the Training Academy due to the projected shortfall in SGR for FY 07. Based upon collection projections for FY 08 for the Training Academy, mainly due to the scheduled opening of the Joint Emergency Services Training Center (JESTC) Business Center, SGR is projected to increase. Therefore the \$1.3 million in Riverboat Gaming funds added in State Police's budget in FY 07 has been non-recurred and no longer needed to IAT to the Training Academy.	\$0	(\$1,300,000)	0
08B - 422	Public Safety	Office of State Fire Marshal	Non-recur funding for the following: \$100,000 City of Baker Fire Department, \$60,000 Desoto Parish Fire District 2, DeSoto Parish Fire District 9 and \$75,000 South Second Ward Fire Station.	(\$235,000)	(\$235,000)	0

09 - 300	Health & Hospitals	Jefferson Parish Human Services Authority	Reduction in Title 19 (Medicaid) funds received from Medical Vendor Payments to reflect the decrease in services provided to Medicaid eligible clients as a result of Hurricane Katrina. For FY 07, the JPSHA was budgeted \$1,893,847 for Medicaid claims payments, but projects collections of \$976,533 for such claims. This reduction properly aligns the FY 08 appropriation for Medicaid claims to match projections for the year.	\$0	(\$917,314)	0
09 - 301	Health & Hospitals	Florida Parishes Human Services Authority	Reduce the funding from the Social Services Block Grant (SSBG) for hurricane recovery from \$5,299,065 in FY 07 to \$901,659 in FY 08. The SSBG program ends on September 30, 2007. The funds provide for behavioral health services for mental health (\$757,377), and addictive disorder (\$144,282) needs. This is a net adjustment for the replacement of SSBG funding through an enhancement of \$1.7 million Statutory Dedications from the Health Care Redesign Fund. The FPSHA indicates that the funding is sufficient to maintain FY 07 service levels except crisis mental health services currently provided through contracts with Lallie Kemp Medical Center and Bogalusa Medical Center. The FPSHA estimates that an additional \$1.6 million in total funding will be needed to renew these contracts in FY 08.	\$0	(\$2,675,923)	0
09 - 302	Health & Hospitals	Capital Area Human Services District	Reduce the funding from the Social Services Block Grant (SSBG) for hurricane recovery from \$9,911,861 in FY 07 to \$1,257,810 in FY 08. The SSBG program ends on September 30, 2007. The funds provide for behavioral health services for mental health (\$975,677), developmental disabilities (\$63,338) and addictive disorder (\$218,795) needs. This is a net adjustment for the replacement of SSBG funding through an enhancement of \$4.7 million (Statutory Dedications from the Health Care Redesign Fund) that will allow CAHSD to continue to provide services at the FY 07 level.	\$0	(\$3,933,046)	0
09 - 302	Health & Hospitals	Capital Area Human Services District	Reduction in Title 19 (Medicaid) funds received from Medical Vendor Payments to reflect the decrease in services provided to Medicaid eligible clients as a result of Hurricane Katrina. For FY 07, the CAHSD was budgeted \$2,509,233 for Medicaid claims payments, but projects collections of \$2,275,000 for such claims. This reduction properly aligns the FY 08 appropriation for Medicaid claims to match projections for the year.	\$0	(\$234,233)	0
09 - 304	Health & Hospitals	Metropolitan Human Services District	Non-recur excess IAT expenditure authority from the one-time gambling program revenue.	\$0	(\$600,686)	0
09 - 304	Health & Hospitals	Metropolitan Human Services District	Reduce the funding from the Social Services Block Grant (SSBG) for hurricane recovery from \$17,524,783 in FY 07 to \$1,618,192 in FY 08 (-\$238,450 is included in the non-recurring acquisitions category). The SSBG program ends on September 30, 2007. The funds provide for behavioral health services for mental health (\$1,112,877), developmental disabilities (\$100,000) and addictive disorder (\$405,315) needs. This is a net adjustment for the replacement of SSBG funding through an enhancement of \$1.4 million (Statutory Dedications from the Health Care Redesign Fund) that will allow the MHSD to only fund adult programs in FY 08. The MHSD indicates that additional funding of \$1.3 million will be needed to continue provision of children's services.	\$0	(\$14,261,262)	0
09 - 304	Health & Hospitals	Metropolitan Human Services District	Reduction in Title 19 (Medicaid) funds received from Medical Vendor Payments to reflect the decrease in services provided to Medicaid eligible clients as a result of Hurricane Katrina.	\$0	(\$1,261,945)	0
09 - 326	Health & Hospitals	Office of Public Health	Decrease in federal award for the HIV/AIDS Program in FY 08. At the time of budget development, the agency estimated that federal dollars would be reduced by approximately \$2.5 million dollars. This reduction will cause a corresponding decrease of 380 patients served.	\$0	(\$2,590,252)	0
09 - 326	Health & Hospitals	Office of Public Health	Decrease of federal award for the Women, Infants, and Children (WIC) program in FY 08. This reduction is based on a lower number of participants served since Katrina.	\$0	(\$11,225,282)	0
09 - 351	Health & Hospitals	Office for Addictive Disorders	Reduce the funding from the Social Services Block Grant (SSBG) for hurricane recovery from \$5,577,179 in FY 07 to \$1,354,652 in FY 08. The SSBG program ends on September 30, 2007. 20 - 451	Other Requirements	Local Housing of State Adult Offenders	Reduction of payments to local sheriffs that operate work release programs by \$5 per inmate per day. The portion of the payment the work release inmate is responsible for will increase by \$5 per inmate per day.	(\$5,475,000)	(\$5,475,000)	0
20 - 451	Other Requirements	Local Housing of State Adult Offenders	Reduction in costs for adult offenders due to changes in administrative rules of the Department of Corrections. The FY 06 budget to incarcerate approximately 17,500 state inmates in local jails is \$146 million. The FY 07 proposed budget recommendation reduces the total appropriation for Local Housing of State Adult Offenders by approximately \$24 million based on an estimated reduction of 3,100 state inmates being housed in local jails. The inmate reduction estimates are largely based on the presumption that judges will elect to incarcerate technical probation violators for a 90 day term in lieu of sentencing these inmates to the remainder of their original prison sentence which averages 2 years.
