Members of the Louisiana Legislature:

THIS DOCUMENT

For your consideration, the Louisiana Legislative Fiscal Office (LFO) prepares this booklet as a reference for use as you review the appropriation bills up for debate on the House Floor on Thursday, April 25. Historically referred to as "The Green Book," this document provides existing to recommended budget comparisons for each budget unit as well as an inventory of significant enhancements, reductions and means of finance substitutions. Because of the continuing large magnitude of one-time revenue sources currently available for expenditure consideration, we also provide expanded information detailing the spending proposals for items appropriated out of the FY 23 SGF Surplus and the FY 24 SGF Projected Excess Collections. We have also attached the LFO analysis required by House Rule 7.19 to detail recurring expenditures funded with one-time revenue.

The LFO works for you, the legislature and its committees. We strive to provide objective, non-partisan, and high-quality information and analysis of fiscal and budgetary issues. In addition to this analysis, the LFO has access to the state accounting system and other budgetary and state department resources to facilitate researching specific fiscal matters. If a fiscal or budget question arises, please feel free to contact either myself or any member of our staff for assistance. Reach us by phone at (225) 342-7233 or by e-mail. A full listing of LFO staff, agency assignments and e-mail addresses can be found at http://lfo.louisiana.gov/staff.

For an electronic version of this document, please visit the LFO website at http://lfo. louisiana.gov and visit the *Publications* link to find *LFO Analysis of HB 1*. The document's name is "FY 25 Engrossed Budget." For additional detailed information, you may also refer to or cross reference information contained within the Green Book published by the LFO for the FY 25 Executive Budget, also available on our website as noted above under the file name "FY 25 Executive Budget." The current Official Revenue Estimate adopted by the Revenue Estimating Conference on December 14, 2023, can also be found by visiting the *Revenue and Economic Documents* link on the LFO home page to find *Official Revenue Estimates*.

The LFO will provide updated summary documents detailing changes made by amendment as HB 1 moves through the legislative process this session. Again, please do not hesitate to contact us at any time if you have questions or require additional information regarding the budget recommendation or other fiscal matters.

Sincerely,

Alan M. Boxberger Legislative Fiscal Officer

STATUS OF THE STATE GENERAL FUND

STATEMENT OF FISCAL POSITION

The state has remained in stable fiscal position throughout FY 24 and initial projections show revenue and proposed expenditures will remain steady in FY 25. The status for FY 26 and beyond becomes less concrete as the roll off of the temporary 0.45% sales tax takes full effect on SGF revenue collections.

- The state ended FY 23 with a certified surplus of \$325.4 M.
- The current FY 24 fiscal position includes projected SGF collections in excess of current appropriations made through the 2024 2nd ES by \$73.3 M.

STATE GENERAL FUND STATUS

Table 9 on page 14 depicts the FY 25 SGF status as of the Engrossed Appropriations Bills compared to the FY 24 SGF utilization for all budgetary items containing SGF, including: General Appropriations, Ancillary Appropriations, Judicial Expenses, Legislative Expenses, Capital Outlay Appropriations, Supplemental Appropriations, Non-Appropriated Requirements, and any fund transfers. The current projected SGF excess in FY 24 is approximately \$73.3 M due to a combination of factors including:

- \$91.5 M added in available revenues from a \$64.4 M increase in the REC forecast on 12/14/23, as compared to the official forecast as of 5/18/23, and \$27.1 M that remained unappropriated/unallocated at the outset of FY 24.
- (\$18.1 M) reduced from appropriations already made in the 2024 1st ES (\$1.4 M) and the 2024 2nd ES (\$16.7 M).

The combined total of FY 23 surplus and FY 24 excess results in a projected balance of \$398.8 M. Accounting for the constitutionally required earmarks of the surplus to the Budget Stabilization Fund (25% or \$81.4 M) and the Unfunded Accrued Liability (10% or \$32.5 M), the remaining balance available for appropriation or allocation is \$284.9 M. The current utilization of these funds as contained in the appropriations bills is addressed in the "Summary of Other SGF Budget Proposals" section beginning on page 15.

SUMMARY OF OTHER SGF BUDGET PROPOSALS

FY 23 SURPLUS

The term "surplus" refers to the amount for any fiscal year of the actual SGF monies received, including any monies or balances carried forward, over the actual SGF expenditures paid at the close of the fiscal year. The amount is calculated and reported by the Office of Statewide Reporting within the Division of Administration.

On 1/17/24, the JLCB certified the combined net of expenditures and revenues at the end of FY 23 resulted in a surplus totaling \$325.4 M. In accordance with provisions in La. Const. Art. VII, § 10.(2), once these monies are recognized by the REC as non-recurring revenues, the balance will be available for appropriation to one of six authorized purposes. Two of the authorized purposes, appropriation to the Unfunded Accrued Liability (UAL) and transfer to the Budget Stabilization Fund, require minimum allocations as seen in Chart 1 below.

Chart 1: Eligible Uses of Non-recurring Monies

The appropriations bills currently utilize the FY 23 surplus for items that are traditionally categorized as one-time expenditures. For example, appropriations to capital projects are considered non-recurring. After fulfilling the required 25% deposit into the Budget Stabilization Fund (\$81.4 M) and 10% appropriation for the UAL (\$32.5 M), the Capital Outlay Bill (HB 2 ReEngrossed) allocates \$201.1 M for the highway program, higher education projects, deferred maintenance, and more. Finally, supplemental funding for existing capital outlay projects contained in HB 782 Engrossed appropriates the remaining \$9.5 M of the FY 23 surplus.

FY 24 PROJECTED EXCESS

On 12/14/23, the REC adopted an updated SGF forecast for FY 24, which grew \$64.4 M over the base forecast in place since 5/18/23. This growth, coupled with \$27.1 M of remaining SGF that was not appropriated or became available as the result of line-item vetoes, amounts to \$91.5 M available for legislative appropriation. Additionally, more SGF funding has become available, including a balance of \$1.3 M currently designated to the Interim Emergency Board for which no applications have been received, \$2 M in lower-than-expected debt service payments, and \$321.2 M in savings from changes in agency spending and means of finance exchanges. Future revisions to the REC forecast may also result in an increase in SGF funding available in the current fiscal year.

A portion of the excess SGF has already been utilized through actions of the legislature in the 2024 Extraordinary Sessions. Act 3 of the 2024 1st ES appropriated \$1.4 M to the Secretary of State's office for redistricting costs and HB 19 of the 2024 2nd ES appropriated a total of \$16.7 M to the Executive Office, Military Affairs, and State Police. The breakdown of appropriations included in the Supplemental Appropriations Bill (HB 782 Engrossed) and transfers of SGF in the Funds Bill (HB 786 Engrossed) can be found on Table 11.

The source of SGR (Intergovernmental Transfers from public entities) and Statutory Dedication (premium tax collections) revenues are non SGF used as a state match source. The source of federal funding is Title 19 federal financial participation. The reduction is based on the following assumptions.	\$116,295,735)	(\$1,350,341,323)	0
			MCO payments adjustment			
			Increase/Decrease			
			(\$1,717,609,812) - Projected enrollment reductions in Expansion & Non Expansion population groups \$614,827,542 - Utilization & Trend (unit cost of services) adjustment under Healthy Louisiana MC (\$247,559,053) - Pharmacy Rebate adjustment (\$1,350,341,323) - Total FY 25 MCO adjustment			
			Notes: Enrollment: The FY 25 Medicaid budget assumes overall enrollment is decreasing from 1,463,048 (June 24) to 1,411,688 (May 25) from the prior year, which is a net decrease of 51,360. Projected enrollment includes net terminations (net of Medicaid churn), in addition to estimated normal monthly enrollment growth. In addition, this adjustment assumes a reduction in the number of child birth 'kick' payments, as kick payments are projected to decrease from 39,522 (FY 24 projection) to 33,084 in FY 25, or by 6,438.			

Trend:

Information provided by LDH indicates the rates utilized in the FY 25 Medicaid budget are based on the actual rates as of 7/2023 with approximately a 6.5% increase for the Non-expansion population and a 4.6% increase for the Expansion population.

Rebate Adjustment:

Pharmacy rebates are projected to increase in the FY 25 Medicaid budget. Information provided by LDH indicates the projected increase in rebates is based on increasing drug costs (which is estimated to increase rebate collections) and increased utilization of higher cost drugs. However, enrollment changes (projected decreases in FY 25) are anticipated to impact the number of drug claims. Presumably, overall less claims would result in fewer pharmacy claims eligible for rebates. The overall rebate adjustment above (\$247.5 M) assumes more rebates will be received by LDH, as rebates offset expenditures.

Children & Children & Decreases \$4.2 M (\$2.1 M SGF and \$2.1 M Federal) in the Division of Child Welfare provided for the development of the Comprehensive Child Welfare Information System (CCWIS). A CCWIS is a case management information system that state and tribal title IV-E agencies may develop to support their child welfare program needs. If a title IV-E agency elects to build a CCWIS, the federal government provides a more favorable reimbursement than is provided for non-CCWIS systems, as long as the system meets federal requirements and is designed to support social workers' needs to organize and record quality case information about the children and families receiving child welfare services. The system is expected to continue the planning phase throughout FY 25.

The FY 24 base amount of funding is \$13.3 M. The \$4.2 M reduction for FY 25 will bring the CCWIS budget to \$9.1 M. The project will include a Design, Development, and Implementation (DDI) vendor, a Project Management Office (PMO) vendor, a Quality Assurance/Quality Control (QA/QC) vendor, and an Independent Verification and Validation (IV & V) vendor, in addition to state DCFS and Office of Technology Services (OTS) staff. The intent of the project is to develop all modules of a CCWIS solution within the three-year timeframe for contracts, as allowed by the Louisiana Procurement Code.

The current contract, which began in FY 23, is focused on providing supplemental staffing to alleviate heavy caseloads in the Division of Child Welfare. The contract provides staffing for after-hours coverage (night, weekends, and holidays) so that DCFS staff do not have to cover the after-hours shifts on top of their regular work week. The contract helps DCFS meet federal and state requirements for thorough and timely investigations. The contract staff members respond to emergencies without DCFS staff having to remain "on call" after finishing their business day, and in many cases, working overtime.

The current contract amounts to \$4.3 M, and DCFS is receiving \$4.1 M SGF according to the adjustment. DCFS will utilize FY 24 budget authority to provide coverage for the \$157,844 difference.

Child First is an evidence-based, intensive, early childhood model that works with the most vulnerable young children and their families, focusing on mental health, substance abuse, and domestic violence. This home-based intervention improves family stability and prevents future child abuse and neglect. The Child First contracts with the Bridge, Counsel NOLA, Social Work Professionals, and Volunteers of America to provide Child First services in Louisiana.

Intercept is an intensive in-home parenting program used to safely prevent children from entering out-of-home care or reunify them with family as quickly as possible if a period of out-of-home care is necessary. Intercept contracts with Choices and Youth Villages to provide the Intercept model in Louisiana.

These programs were initially funded at \$7 M (\$3.5 M SGF and \$3.5 M Federal) for 10 months in FY 24. The department requested \$9.4 M (\$589,358 SGF and \$1,768,074 Federal) to fully fund both programs for 12 months in FY 25. 20 - 931	Other Requirements	LED Debt Service & State Commitments	Increases \$10 M Statutory Dedications out of the LA Economic Development Fund to LED Debt Service and State Commitments for the Economic Development Awards Program (EDAP) in the event HB 786 of the 2024 RS (Funds Bill) becomes law. The EDAP program is used to assist in the financing or funding of projects for which assistance is requested in order to provide an incentive to influence a company's decision to locate, relocate, maintain, rebuild, and/or expand its business operations in the state. The program promotes economic development and capital investment in Louisiana.	\$0	\$10,000,000	0
20 - 931	Other Requirements	LED Debt Service & State Commitments	Increases funding for contractual obligations of the state with the New Orleans Pelicans. The Pelicans participated in LED's Quality Jobs (QJ) Tax Rebate Agreement beginning in 2012 for a term of 10 years until it expired in 2022. In the event the team's QJ rebate is not renewed or extended past 2022, the Arena Use Agreement between the State and the Pelicans created an annual \$3.7 M obligation in lieu of the rebate. This new obligation is subject to appropriation of funds by the state or the Louisiana Stadium Exposition District (LSED), until the arena use agreement expires in FY 29. This adjustment is intended to pay the \$3.7 M obligation in FY 25, however prior payments to the Pelicans for FY 23 and FY 24 are not addressed by this adjustment. This amount represents the difference between FY 24 actuarial projection (\$505,121) and FY 24 EOB spread for those expenditures (\$379,739). The adjustment does not assume any changes in program participation or associated premium rates.

21 - 804	Ancillary	Management	Increases \$18 M IAT from GOHSEP for the management of \$26.3 M in FEMA funds for repairs to the levee system at the Department of Wildlife and Fisheries Rockefeller Wildlife Management Area (WMA), which was damaged by Hurricane Laura. ORM was designated by the Commissioner of Administration as the single sub-recipient under Subpart G, Title 44, Code of Federal Regulations to represent the state relative to all damaged state-owned public facilities relating to Hurricane Laura. There is a FEMA-obligated Project Worksheet (PW) for \$29 M, which includes a match rate of \$26.3 M Federal (90%) and \$3 M State (10%). Costs for the repair and restoration of damages to state-owned facilities during Hurricane Laura exceeded ORM's self-insured retention, and ORM was on schedule to receive \$25 M in FY 24. ORM no longer requires the \$25 M due to managed repairs and reduced budget authority of the anticipated funds by \$15 M. 21 - 804	Ancillary	Risk Management	Increases \$13.2 M (\$13 M IAT and \$220,895 SGR) from all state agency premiums for anticipated higher broker services as well as commercial and excess property insurance premiums. ORM purchases commercial insurance coverage to supplement the self-insurance fund. The increase is based on quotes from insurance brokers that anticipate a rate increase in the property excess/reinsurance market. Reinsurance premiums are expected to increase due to the frequency and severity of international catastrophic events that have negatively impacted the commercial insurance market worldwide as well as multiple catastrophic event property deductible (CAT deductible) losses due to named windstorms directly impacting Louisiana. The expected total increase for commercial excess insurance is projected to be \$13,230,574, resulting in a total budget of \$66,839,655 in FY 25.	\$0	\$13,230,574	0
