Members of the Louisiana Legislature:

For your consideration, the Louisiana Legislative Fiscal Office (LFO) prepares this booklet as a reference for use as you review the appropriation bills up for debate on the House Floor on Thursday, May 4. Historically referred to as “The Green Book,” this document provides existing to recommended budget comparisons for each budget unit as well as an inventory of significant enhancements, reductions and means of finance substitutions. Because of the extraordinary magnitude of one-time revenue sources currently available for expenditure consideration, we also provide expanded information detailing the spending proposals for items appropriated out of the FY 22 SGF Surplus and the FY 23 SGF Projected Excess Collections. We have also attached the LFO analysis required by House Rule 7.19 to detail recurring expenditures funded with one-time revenue as well as potential financing replacement decisions in FY 25.

The LFO works for you, the legislature and its committees. We strive to provide objective, non-partisan, and high-quality information and analysis of fiscal and budgetary issues. In addition to this analysis, the LFO has access to the state accounting system and other budgetary and state department resources to facilitate researching specific fiscal matters. If a fiscal or budget question arises, please feel free to contact either myself or any member of our staff for assistance. Reach us by phone at (225) 342-7233 or by e-mail. A full listing of LFO staff, agency assignments and e-mail addresses can be found at <http://lfo.louisiana.gov/staff>.

For an electronic version of this document, please visit the LFO website at <http://lfo.louisiana.gov> and visit the *Publications* link to find *LFO Analysis of HB 1*. The document’s name is “FY 24 Engrossed Budget.” For additional detailed information, you may also refer to or cross reference information contained within the Green Book published by the LFO for the FY 24 Executive Budget, also available on our website as noted above under the file name “FY 24 Executive Budget.” The current Official Revenue Estimate adopted by the Revenue Estimating Conference on December 15, 2022, can also be found by visiting the *Revenue and Economic Documents* link on the LFO home page to find *Official Revenue Estimates*.

The LFO will provide updated summary documents detailing changes made by amendment as HB 1 moves through the legislative process this session. Again, please do not hesitate to contact us at any time if you have questions or require additional information regarding the budget recommendation or other fiscal matters.

Sincerely,

A handwritten signature in blue ink that reads "Alan M. Boxberger".

STATUS OF THE STATE GENERAL FUND

The budget recommendation in HB 1 Engrossed (General Appropriations Bill) realizes a 2% decrease of \$939.2 M below the FY 23 Existing Operating Budget (EOB) as of 12/1/22 to \$42.6 B total means of finance. The total decrease includes reductions of \$327.8 M SGF (3.1%), \$249.6 M SGR (17.5 %), and \$617.8 M Statutory Dedications (13%), while being partially offset by growth of \$22.4 M SGR (0.6%) and \$233.7 M Federal (1%). The total T.O. positions increase by 112 over the same time interval.

The expenditure information in this section primarily focuses on action taken by the House Appropriations Committee (HAC) at its meeting on Monday, May 1. The LFO provides summary information regarding state budget schedules that realized significant adjustments by HAC amendments, as well as detailing information regarding expenditures from specific sources: FY 22 Surplus and FY 23 Excess. For more detailed information regarding adjustments that were made in the Executive Budget document (HB 1 Original), please refer to the LFO's analysis of HB 1 Original on our website at lfo.louisiana.gov.

LFO Publications -> LFO Analysis of HB 1 -> FY 24 Executive Budget.

The HAC adopted amendments total a decrease of \$222.5 M to HB 1 Original. The adjustments to HB 1 Original by means of finance are depicted in Table 2 below.

Table 3 depicts the FY 24 SGF status as of the FY 24 budget recommendation compared to the FY 23 EOB Base for all budgetary items utilizing SGF, including: General Appropriations, Ancillary Appropriations, Judicial Expenses, Legislative Expenses, Capital Outlay Appropriations, Supplemental Appropriations, Non-Appropriated Requirements, and Funds transfers. The current projected SGF excess in FY 23 is approximately \$928.5 M due to an increase in the REC forecast on December 15, 2022, as compared to the official forecast as of May 9, 2022, (\$924.9 M) plus \$3.6 M SGF that remains unappropriated/unallocated in FY 23. Table 3 also reflects the FY 22 surplus of \$726.5 M certified by the Joint Legislative Committee on the Budget (JLCB) on January 20, 2023, to be recognized at the next meeting of the REC.

The HAC adopted amendments depositing \$1.12 B SGF into various dedications within HB 550, the Funds Bill. The committee appropriated a net \$386.6 M SGF in HB 560, the Supplemental Appropriations Bill and HB 551, the “Fast” Supplemental. An additional \$812.2 M (\$472.2 M FY 22 Surplus, \$340 M FY 24) is appropriated in HB 2 Original, the Capital Outlay Appropriations Bill. Table 3 shows \$423 M as a balance at the end of FY 23 which is then depicted as a FY 24 revenue carry forward and used for Capital Outlay expenditures, however the Engrossed versions of HB 550, HB 551 and HB 560 combined with HB 2 Original utilize \$50 M more than the available FY 22 Surplus SGF. The LFO assumes this will be corrected when HB 2 is amended in House Committee.

Currently HB 2 Original contains \$472.2 M in FY 22 Surplus SGF appropriations which combined with the other bills, would be \$50 M over of the amount recognized. Additionally, \$340 M of FY 24 SGF Direct is appropriated in HB 2 to the Highway Program. These amounts are reflected above, but the LFO assumes both amounts will be removed when HB 2 is contemplated in committee.			

SUMMARY OF ENGROSSED BUDGET RECOMMENDATION

In broad terms, as seen in Table 4, HAC amendments include a decrease of approximately \$201 M SGF expenditures statewide in FY 24 compared to the FY 24 Executive Budget across all appropriation bills.

For FY 24, the recommended SGF appropriations include a number of significant changes and initiatives across a number of state agencies in addition to supplanting SGF for means of finance sources that will be unavailable in FY 24. Table 5 on the next page summarizes significant SGF adjustments. Information about significant adjustments can be found within Significant Budget Adjustments by agency beginning on page 48 and/or in the HB 1 Original version of this book on the LFO website at the link below.

FY 22 SURPLUS

On January 20, 2023, JLCB certified that the end of FY 22 resulted in a surplus totaling \$726.5 M. In accordance with provisions in La. Const. Art. VII, § 10.(2), once these monies are recognized by the REC as non-recurring revenues, the balance will be available for appropriation to one of six authorized purposes. Two of the authorized purposes, the Unfunded Accrued Liability (UAL) and Budget Stabilization Fund, require minimum allocations as shown below.

FIGURE 1: REQUIRED AND AUTHORIZED USES OF SURPLUS

The term "Surplus" refers to the excess for any fiscal year of the actual monies received, and any monies or balances carried forward, over the actual expenditures paid at the close of the fiscal year as reported by the Office of Statewide Reporting within the Division of Administration (DOA). Table 6 on the next page summarizes the proposed expenditure of surplus funds.

FY 23 PROJECTED EXCESS COLLECTIONS

On December 15, 2022, the REC adopted an updated forecast for FY 23 including a SGF growth of \$924.9 M over the base forecast in place since May 9, 2022. The first \$45 M of the available excess was utilized in the First Extraordinary Session of 2023 through Act 1, which transferred funds to the Insure Louisiana Incentive Fund and appropriated them as Statutory Dedication to the Department of Insurance for the Insure Louisiana Incentive Program.

The budget recommendations include allocating the remaining projected SGF excess of \$883.5 M, plus other anticipated current year expenditure savings, to specific purposes in FY 23 as summarized in Table 7 on the next page. In addition to increased revenue projections in the current fiscal year, this plan also assumes: expenditure of projected current year savings of \$31.3 M in the Minimum Foundation Program (MFP) due to lower student counts, expenditure of \$29.8 M in reduced need for TOPS from participation declines, expenditure of approximately \$162.4 M in savings generated by extension of the eFMAP through December 31, 2023, (the FY 23 adopted budget assumed the eFMAP would expire at the end of the first quarter of FY 23), and expenditure of \$1.3 M in Non-Appropriated currently assigned to the Interim Emergency Board for which no applications have been received.

		\$12,016	\$12,016 - Increases provide for office space in Monroe. This will allow the agency to better serve and provide mental health representation in Northeast LA.			
107 - Division of Administration						
01 - 107	Executive	Division of Administration	Increases Federal in the Office of Broadband Development and Connectivity for the Broadband Equity, Access, and Deployment (BEAD) program from the U.S. Department of Commerce, National Telecommunications and Information Administration (NTIA) to expand high-speed internet in rural areas over the next five (5) years. The objective of BEAD is to expand high-speed internet access by funding planning, infrastructure deployment, mapping, and adoption. The Office of Broadband Development and Connectivity is still in the process of drafting the expenditure plan, but the first funding priority is for unserved areas (those below 25/3 Mbps), followed by underserved areas (those below 100/20 Mbps), and then serving community anchor institutions (1/1 Gbps).	\$0	\$100,000,000	0
01 - 107	Executive	Division of Administration	Increases SGR in the Office of Community Development for program income from various sources. 01 - 107	Executive	Division of Administration	Non-recurs Federal from the Governor's Emergency Education Relief (GEERR) Fund provided through the Consolidated Appropriations Act of 2021, which authorized specific grant awards. The total amount recommended for the GEER Fund in FY 24 is \$13,151,925.	\$0	(\$9,833,395)	0
			In FY 23, the agency received an initial allocation of \$23 M for GEER2. Of the \$23 M, approximately \$16.8 M was allocated to Higher Education for the Completers Program, LCTCS Mobile Labs, digital training for faculty and staff, Dual Enrollment Portal and Fast Forward Program Evaluation, and LOSFA outreach; \$5 M is allocated to K-12 for ACT vouchers, Student Reengagement, Literacy Loss, and Educator health coaches; and the remaining \$1.2 M for statewide initiatives deemed necessary by the governor including the Office of Broadband and Jobs for America's Graduates (JAG).			
			In FY 24, \$13.1 M will be allocated as follows: \$8.9 M to Higher Education for the Completers Program, LCTCS Mobile Labs, digital training for faculty and staff, Dual Enrollment Portal and Fast Forward Program Evaluation, and LOSFA outreach; \$3 M to K-12 for ACT vouchers, Student Reengagement, Literacy Loss, and Educator health coaches; and \$1.2 M for statewide initiatives deemed necessary by the governor including the Office of Broadband and JAG.			
01 - 107	Executive	Division of Administration	Increases SGR in the Community Development Block Grant (CDBG) state program to receive funds transferred from the Office of Community Development, Disaster Recovery Unit to support eligible public infrastructure and existing affordable housing. The performance period of this grant is 9/30/2022 through 9/29/2026. Certified Community Behavioral Health Clinic (CCHBC) refers to a SAMSHA-developed clinic model designed to ensure access to coordinated comprehensive behavioral health care for anyone who requests care for mental health or substance use, regardless of their ability to pay, place of residence, or age. The intent of the CCBHC-PDI grant program is to: 1) assist organizations in the planning for, development, and implementation of a CCBHC that meets the required criteria, 2) provide a comprehensive range of outreach, screening, assessment, treatment, care coordination, and recovery supports based on a needs assessment that aligns with the CCBHC Certification Criteria, and 3) support recovery from mental illness and/or substance use disorders (SUD) by providing access to high-quality mental health and SUD services, regardless of an individual's ability to pay. In order for Metropolitan Human Services District (MHSD) to become a CCBHC, the agency must provide crisis services, targeted case management, outpatient primary care screening and monitoring, psychiatric rehabilitation services, community-based mental health care for veterans, and peer, family, and counselor services, in addition to the services already offered.	\$0	\$1,000,000	0

		Means of financing substitution increasing SGF and decreasing funding from the statutorily dedicated Traumatic Head and Spinal Cord Injury (TH/SCI) Trust Fund by a like amount. The reduction to the TH/SCI Trust Fund reflects a reduction in FY 24 anticipated revenue collections. The TH/SCI Trust was created in the 1993 RLS as a special fund in the state treasury from collections of an additional fee imposed on three (3) specific motor vehicle violations: 1) driving under the influence, 2) reckless operation, and 3) speeding. The TH/SCI Trust allows survivors of a traumatic head or spinal cord injuries to avoid institutionalization by providing home and community based services. The TH/SCI Trust is a payer of last resort and all other funding sources must be explored before the Trust fund can be utilized.

		The \$3 M would be used for a one-time agreement with such an organization to provide startup and initial operations costs. Information provided by AAHSD indicates that after this funding is exhausted, the facility is projected to be self-sustaining and no further funding from the state would be necessary. It is unknown whether the full amount of the appropriation will be spent before the end of FY 23.		0

12 - 440	Revenue	Office of Revenue	<p>Increases SGR to provide Tier 1 Call Services to handle the least technical taxpayer inquiries. For the Office of Revenue, the most common method of communication with stakeholders is via telephone. While the agency has increased its online options and a number of initiatives to reduce the need to call, the agency still receives more calls than the resources that are available to answer. Unanswered and/or abandoned calls represent missed revenues to fund public services and fewer opportunities to provide taxpayer education. The call abandon rate was 8.7% in FY 22. By contracting, the agency can increase the number of calls answered, lower the abandon rate, and increase tax compliance. 21 - 804	Ancillary	Risk Management	Increases IAT for anticipated higher broker services as well as commercial and excess property insurance premiums. ORM purchases commercial insurance coverage to supplement the self-insurance fund. The increase is based on quotes from insurance brokers that anticipate a rate increase in the property excess/reinsurance market. Reinsurance premiums are expected to increase due to the frequency and severity of international catastrophic events that have negatively impacted the commercial insurance market worldwide as well as multiple catastrophic event property deductible (CAT deductible) losses due to named windstorms directly impacting Louisiana. The expected total increase for reinsurance is \$3,196,679 resulting in a total budget of \$53,069,081 in FY 24.	\$0	\$3,196,679	0

SUBJECT: House Rule 7.19, HB 1 Engrossed

Pursuant to House Rule 7.19, the Legislative Fiscal Office (LFO) is required to submit a report to the House of Representatives, which indicates whether the appropriation bill appropriates one-time money within the Engrossed version of House Bill 1 (HB 1). The LFO is providing this information for HB 1 – Engrossed.

HR 7.19 One-Time Money List

Pursuant to HR 7.19(C)(2), appropriations from one-time money for ordinary recurring expenses may not exceed the projected growth of the state general fund from the fiscal year for which the appropriation is proposed and the subsequent fiscal year according to the most recent official forecast. The threshold calculation is the difference between the official SGF revenue forecast adopted by the Revenue Estimating Conference (REC) on December 15, 2022, for FY 24 of \$11,442.1 M and for FY 25 of \$11,439.8 M, which equates to \$2.3 M of SGF revenue loss. The amount of one-time funds, as defined by HR 7.19, allowed to be appropriated in HB 1 for FY 24 expenditure is (\$0). After Adopted House Appropriations Committee amendments to HB 1, the LFO has determined there is \$29.74 M of one-time money as defined in House Rule 7.19 in HB 1 Engrossed. The items funded with one-time money are as follows:

08-419, Office of State Police: \$6,312,516 Statutory Dedications out of the Overcollections Fund (source FY 23 excess SGF) to provide for two 50-member state police training academies. Funding for training academies has appeared in the general appropriations bill for the past two years, paid out of SGF in FY 23 and the Riverboat Gaming Enforcement Fund in FY 22. The proposed funding will be the third consecutive year providing funds for a training academy, making this expenditure meet the definition of recurring.

20-966 Supplemental Payments to Law Enforcement Personnel: \$23,431,680 Statutory Dedications out of the Overcollections Fund (source FY 23 excess SGF) to provide for an increase of \$100/month (\$1,200 annually) in supplemental payments to eligible municipal police, deputy sheriffs, and firefighters, as well as \$20/month (\$240 annually) in supplemental payments to constables and justices of the peace. In FY 23, this enhancement to the supplemental payment system was directed as a one-time, lump sum payment to each eligible recipient. While the LFO assumes the payments in FY 24 are intended to mirror the FY 23 appropriation, the language specifying that intent is not present in HB 1 Engrossed.

FY 23 Replacement Financing Decision List

Although HB 7.19 contains a definition of “one-time money”, the rule itself is not indicative of the financing decisions that will have to be made in FY 25 relative to the current structure of the FY 24 proposed operating budget. Due to this issue, the LFO not only provides the HR 7.19 list to comply with the House Rule, but also provides details of significant potential FY 25 financing replacements that will have to be made as a result of the proposed FY 24 budget.

Approximately \$110.7 M in funds that may not be available in the future are proposed to support recurring expenditures in HB 1 for FY 24 and beyond. The \$110.7 M is associated with the FY 24 projected emergency Federal Medical Assistance Percentage (eFMAP) for Medicaid, which will be in effect for the first two quarters of FY 24 (2.5% for the first quarter and 1.5% for the second). The eFMAP reduces the state match obligation, allowing these SGF savings to be used for other fungible purposes within the state budget. To the extent the activities supported by this savings should continue into future fiscal years, these dollars would have to be replaced in FY 25.

The current REC forecast for FY 25 is projected to decline by approximately \$2.3 M from FY 24. Therefore, this leaves \$113 M (\$110.7 M + \$2.3 M) base spending and forecasted revenue decline that cannot be used for recurring expenditures in FY 25. However, the amount of non-recurring SGF expenditures funded with recurring revenues may be sufficient to offset these amounts in their entirety; these include:

- \$9.8 M for acquisitions and major repairs
- \$110.6 M for deposits in HB 550 (Funds Bill) for non-recurring expenditures related to a one-time transfer into the 2024 LASERS iUAL Payment Fund.
